research based chapters this volume will be of interest to high school and university language educators program directors linguists and anyone looking to design LSP courses or programs in any world language The Governance of Macroprudential Policy Tracy C Maguze,2024-01-11 This book critically examines the theoretical foundations and legal framework for macroprudential policy its tools and governance in the UK the US and the EU It goes deeper into a normative discussion of the legitimacy of macroprudential policy in these jurisdictions where the mandate for maintaining financial stability has been delegated to independent authorities The Global Financial Crisis of 2007 2008 reopened debates regarding legitimacy of the independent regulatory state given its democratic deficit The response to a perceived legitimacy gap has been to increase political oversight in financial policymaking and regulation The book posits that the real problem is not a lack of democracy but rather a lack of social justice Across the globe there is growing dissatisfaction with a financial system and regulatory process that appear depersonalised and perpetuate inequalities Citizens are calling for more socially just systems of governance and the future success of financial policymakers and regulators will hinge on this Given the marked distributional effects that have been noted in some macroprudential policy tools the book questions whether macroprudential policy should be solely based on highly rationalised and strongly quantitative reasons By proposing that macroprudential policymakers should have a social justice mandate alongside their financial stability mandate as well as legal mechanisms for operationalising the added authority the book contributes to the growing discourse on the role of social justice in public policy *University Audit Cultures and Feminist Praxis* Órla Meadhbh Murray,2025-04-23 Being REF able The impact agenda The student experience University audit culture has infiltrated academic life but how should we respond Drawing on a five year Institutional Ethnography of UK universities the author provides a feminist take on the neoliberal university and abolitionist reflections on audit culture For feminist and other critical academics the interpretative power involved in audit processes provides an opportunity to collectively challenge and subvert re read and re write institutions This book challenges the myths and misinterpretations around how academic audit processes work arguing that if we are complicit then we have agency to do them differently **AP U.S. Government and Politics Premium, 2022-2023: Comprehensive Review with 6 Practice Tests + an Online Timed Test Option** Curt Lader,2022-02 Be prepared for exam day with Barron s Trusted content from AP experts Barron s AP U S Government and Politics Premium 2022 2023 includes in depth content review and online practice It s the only book you ll need to be prepared for exam day Written by Experienced Educators Learn from Barron s all content is written and reviewed by AP experts Build your understanding with comprehensive review tailored to the most recent exam Get a leg up with tips strategies and study advice for exam day it s like having a trusted tutor by your side Be Confident on Exam Day Sharpen your test taking skills with 6 full length practice tests 3 in the book including a diagnostic test to target your studying and 3 more online Strengthen your knowledge with in depth review covering all Units on the AP U S Government and Politics Exam Reinforce your learning with practice questions at the end of
