

***When he thinks your name is Sugar and you just go with it.***

Pressing up on his elbow, he rolls to the side and slides his arm around my waist, pulling me close. "This is where I want to be. Right here and nowhere else. I don't want you doubting that, OK? You are my reason for doing anything in life. From that first moment I saw you, you were the sunshine in my day. I would die to protect you."

"Oh, Bryce," I cry, threading my fingers into the back of his hair and kissing him hard. He always knows what to do and say to make my heart melt—even when it's being doubtful and needy. I love that he's so patient and understanding of me.

"Wait. What's that?" We break off mid kiss as the sound of an approaching plane fills the air, causing us to pull apart and share a concerned look.

"Are we expecting someone?" I ask.

Bryce shakes his head. "It must be Danny though, no one knows we're here besides him and Tristian, and Tristian is unlikely to come back so soon. He's recording, so he could only spare a few days."

"Maybe Danny has some good news?"

Bryce's eyes light up. "I hope so," he says, dropping a kiss on my lips before jumping out of bed. We rush to heading through the house as fast as we can, excited Danny's plan worked and this hiding away is finally as much as I'm enjoying living on this island. I would stop worrying about Malcolm and his schemes.

We find Bethany in the living area with Hope on the floor doing tummy time. "Is that a plane?" she asks, running her fingers through her hair and sitting up a little straighter.

*A Natural History of the Romance Novel* Pamela Regis, 2013-08-31 The romance novel has the strange distinction of being the most popular but least respected of literary genres While it remains consistently dominant in bookstores and on best seller lists it is also widely dismissed by the critical community Scholars have alleged that romance novels help create subservient readers who are largely women by confining heroines to stories that ignore issues other than love and marriage Pamela Regis argues that such critical studies fail to take into consideration the personal choice of readers offer any true definition of the romance novel or discuss the nature and scope of the genre Presenting the counterclaim that the romance novel does not enslave women but on the contrary is about celebrating freedom and joy Regis offers a definition that provides critics with an expanded vocabulary for discussing a genre that is both classic and contemporary sexy and entertaining Taking the stance that the popular romance novel is a work of literature with a brilliant pedigree Regis asserts that it is also a very old stable form She traces the literary history of the romance novel from canonical works such as Richardson's *Pamela* through Austen's *Pride and Prejudice* Brontë's *Jane Eyre* and E M Hull's *The Sheik* and then turns to more contemporary works such as the novels of Georgette Heyer Mary Stewart Janet Dailey Jayne Ann Krentz and Nora Roberts

[Humor in Young Adult Literature](#) Walter Hogan, 2005 Celebrates the accomplishments of YA authors acclaimed for producing high quality comedies who have not yet been treated in a book length bio critical study Simultaneously it reminds readers that no matter how funny an author of fiction may be if he shows off his wit in ways that fail to play a natural role in advancing his narrative he is not writing good fiction To demonstrate this humorous passages are presented to illustrate the contribution a sense of humor can make to a work of fiction The book is arranged topically to facilitate a comparison of distinctive treatments by various authors of adolescent life events such as sibling rivalry bullies and first dates
