Alison's Slow Cooker Chicken Recipes - Time Saving, Easy to Make, Mouth Watering Meals with Slow Cooker
Vol. 2 Alison Kowalski, 2015-06-09 In today's modern age it's hard to find the kind of cooking that I grew up with. When I was a child, cooking was a family activity that was always spearheaded by my grandmother, the matriarch of my family. These days I noticed how many different children are now growing up without home-cooked meals or the dinners cooked with love by their parents. It's a shame and it's something that needs to be corrected. In this cookbook, instead of jamming it with hundreds of recipes that you would probably never use, I have hand-picked 50 of my family's most favorite slow cooker chicken recipes. They are the best of the best. Not only are they delicious but also very easy to prepare, perfect for anyone who is leading a busy lifestyle and simply doesn't have the time to cook. Just imagine a great meal your whole family would enjoy that only takes 10-15 minutes to prepare, then just let the slow cooker or Crockpot do its magic while you are at work. The dinner would be ready when everyone walks in the door. The Table of Contents allows you to go to any individual recipe with a single click. So go ahead, try them out and mix them up. May they serve you and your family as well as they have served mine. *Cook Once, Eat All Week* Cassy Joy Garcia, 2019-04-23 *Cook Once, Eat All Week* is a revolutionary way to get a delicious, healthy, and affordable dinner on the table FAST. Author Cassy Joy Garcia will walk you through this tried and true method and show you how batch cooking a few basic components can give you an entire week's worth of dinners with minimal time and effort. Have you ever tried a meal prep plan before and gotten so excited about having your cooking for the week done ahead of time, only to find yourself totally exhausted after a full day in the kitchen, shocked by your grocery bill, and tired of the same leftovers by Tuesday? Cassy Joy Garcia had been there too. As a mom, business owner, and Nutrition Consultant, she needed to get a healthy, affordable, and tasty dinner on the table fast every night, and she knew there had to be a better way to do it. She finally cracked the code when she discovered that by batch cooking a protein, starch, and vegetable each week, she could easily assemble three fresh, diverse meals in minimal time. After years of her readers asking her for better meal prep strategies and easy recipes, she released 4 weeks of recipes on her blog, Fed and Fit. Since then, tens of thousands of people have made and raved about the series and begged for more. In this book, you'll find 26 weeks of affordable, healthy, delicious meals that your family will love eating, and a chapter full of bonus 20-minute meals. Optional Instant Pot and slow cooker instructions are included to get you even more time back in your week. With a Real Food foundation, the weeks in this book aim to support dietary approaches that cover gluten-free, dairy-free, Paleo, low-carb, egg-free, kid-friendly, and more. Three simple ingredients like shredded pork, potatoes, and cabbage are turned into these three easy-to-assemble meals: Honey Mustard Pork Sheet Pan Dinner, Enchiladas Verdes Casserole, and Sloppy Joe Stuffed Potatoes. This book is a must-have for anyone looking for a REAL solution to help them eat healthfully while also saving time and money and loving what they are eating. *Betty Crocker the Big Book of Chicken* Betty Crocker, 2015 Featuring a variety of 170 tasty chicken recipes, Betty

decades ago by some professor in a testing lab The Paleo diet was a result of humans fight for survival it was what our ancestors used to eat 10 000 years ago right around the time when there were no grocery stores super markets and fast food Eating wasn't something to do in free time to eat one had to search for his/her food hunt it down and cook it in on whatever was available Thus Paleo is not just a diet it's a lifestyle one which will truly make your life healthier The Paleo diet was just revived and popularized in the 70s by a Gastroenterologist Walter L Voegtlin This led to one research paper after another one book after another being published by several doctors and nutritionists By the 90s the Paleo diet had made its mark on the dieting market and had started to shape the dieting landscape Practitioners started to create derivatives of the diet synthesizing the pure Paleo meals by adding extra ingredients In this book I will only be using pure Paleo meals as a guide to a better life This book is written keeping in mind the physical side of a healthier lifestyle You'll see how athletes can benefit from the Paleo diet be it swimmers wrestlers runners or players of any game The claims will be backed by scientific evidence and you'll see progress within weeks
