American Book Publishing Record, 2002 *Making Italy Anglican* Stefano Villani, 2022-01-25 *Making Italy Anglican* tells the long and unexpected story of Italian translations of the Book of Common Prayer the principal liturgical text of the Church of England Beginning in the Venetian Republic and ending with the Italian Risorgimento the leitmotif running through the various incarnations of this project was the promotion of top down reform according to the model of the Church of England itself Stefano Villani shows how Italy as the heart of Roman Catholicism was over a long period of time the very center of the global ambitions of the Church of England **Limits of Democracy** Marcos Nobre, 2022-10-13 In this timely book Brazilian political philosopher Marcos Nobre analyzes the social and political roots of the election of Jair Bolsonaro to the presidency of Brazil and shows how this process is connected to the rise of new far right movements threatening democracy around the world Nobre describes the rise of the movement that elected Bolsonaro as a reactionary and anti democratic highjack of the democratic impulse unleashed by the June 2013 uprisings when millions of Brazilians took to the streets to protest against a dysfunctional political system and frames the Brazilian case within the global crisis that exposed the limits of a democracy based on the neoliberal consensus after the 2008 financial crisis According to Nobre the June 2013 uprisings in Brazil was part of the global cycle of popular protests that swept many countries between 2011 and 2013 reclaiming a new model of democracy which could go beyond bureaucratic and technocratic parties and cabinets However in Brazil as in many other places this initial democratic impulse was captured by new far right movements which are now posing serious threats to democracy This book intends to collaborate in a change of attitude both theoretical and practical that may help finding ways of fighting the authoritarian threat to democracy as well as of deepening democracy as a life form The decline of neoliberalism not only did not produce any effectively progressive realist alternative but also opened the way for a dispute over models of society in which democracy itself has ceased to represent the primary reference in disputes over the best way to regulate life in society Democracy is no longer self evident it is in danger And the only way to save it is by inventing new democratic practices to overcome the limits imposed by institutional political systems no longer capable of channeling the real struggles in the societies they claim to represent *Ricanness* Sandra Ruiz, 2019-07-09 Honorable Mention 2020 Barnard Hewitt Award for Outstanding Research in Theatre History given by the American Society for Theatre Research Argues that Ricanness operates as a continual performance of bodily endurance against US colonialism In 1954 Dolores Lolita Lebr n and other members of the Puerto Rican Nationalist Party led a revolutionary action on the chambers of Congress firing several shots at the ceiling and calling for the independence of the island Ricanness Enduring Time in Anticolonial Performance begins with Lebr n s vanguard act distilling the relationship between Puerto Rican subjectivity gender sexuality and revolutionary performance under colonial time Ruiz argues that Ricanness a continual performance of bodily endurance against US colonialism through different measures of time uncovers what s at stake politically for the often
