Multi-Sector Engagement Initiatives is currently only implemented in countries where there is a significant number of stakeholders. It is used for projects that need to address the concerns of various interest groups that spanned multiple ministries or government departments. The project is implemented in the form of a working group, which is a group of representatives from the various ministries or government departments that are involved in the project. The working group is responsible for identifying the issues that need to be addressed, developing a plan of action, and implementing the plan. The working group is also responsible for monitoring the progress of the project and reporting to the relevant ministries or government departments.
