Pathway English Coursebook Guide:

Grade Booster To English Pathways Class 6 Reena Sidhu, Grade Booster to English Pathways Class 6 provides comprehensive support for mastering prose poetry and grammar as per the latest ICSE guidelines. The book includes summary notes, textual exercises, reference to context questions, and vocabulary enrichment sections. It equips students with strong comprehension and writing skills, helping them excel in both literature and language exams with confidence. A CLOSER LOOK OF QUALITATIVE RESEARCH (A Handbook Guide for Novice Researcher) Dwi Poedjiastutie, 2021-11-04

Qualitative approaches are now growing in popularity among novice researchers. Thus, they need to be well informed step by step in conducting the qualitative studies. Particularly, this book will benefit students who keen to focus on finding solutions on the language-related issues and concerns. A number of features are provided for novice scholars and researchers in order to be able to select the appropriate design for their study. The first feature is detailed characteristic information on each type of the research approach. Each approach is elaborated in detail so that readers will possess comprehensible input of what and when a particular approach will be appropriately selected and employed. The detailed characteristics of each approach in qualitative have been discussed in many research methodology books published earlier. However, this book can be used as the supplementary resources for those who specifically focus on the qualitative approach when they are dealing for the first time and more specifically for the language research and its related issues. The second feature is the example of each approach. Since qualitative approaches have a lot of similarities, the researchers are supposed to have careful thought when selecting a particular approach. This can be very difficult for novice researchers. Therefore, in order to guide them selecting the most appropriate approach for their study, the examples of the previous research using similar approaches are provided. The examples of the previous research on each particular approach are carefully chosen so that it possibly relates and represents Indonesian contexts. Another distinguished feature of this book is the supplied information on several common fallacies that scholars or novice researchers usually argue about the qualitative approach. For example, many novice researchers in Indonesian context still believe that in qualitative approach they are not supposed to use numerical data. That might not be true. The discussion on some fallacies like the above-mentioned example hopefully can guide them to have no more doubts of employing qualitative approach.

Practical Guide to Better English Level 3 Student Workbook AGS Secondary, 2006-01-30

Promoting oral and written language development. The *Practical Guide to Better English* helps you teach the basics of vocabulary and grammar usage and mechanics skills and helps your students develop competence in standard modes of oral and written language. Each of the four levels offers 98 lessons, and instruction is developmental with spiral learning in and across all four levels. Complements your literature program. The *Practical Guide to Better English* lessons teach skills students need to succeed in writing papers about literature.
