labour markets and income among many others To that end the book stresses practical applications minimises the use of maths and employs extended chapter length examples that demonstrate how analytical tools can illuminate the social and economic workings of actual American regions Democracy and the Next American Economy Henry A. J. Ramos,2019-04-30 Progressive intellectual Henry A J Ramos believes the United States is at a crossroads facing the most challenging moment since the civil rights movement of the late 1960s and early 1970s In fact absent major new interventions and investments he sees this moment as a pivotal turning point in the American journey in which political polarization income and wealth disparity and public violence much of which is race related threaten the very essence and integrity of our democracy and economy Ramos examines the policies that have contributed to America s decline including those that have led to the concentration of great wealth in the hands of a few while condemning many to systemic poverty and inequality Current economic and social trends he stresses are unsustainable and call for organized concerted action by people of conscience and those affected Ultimately Ramos provides a roadmap for the future so the United States can continue to provide opportunities for its people and serve again as a leader in the international community He offers case studies of organizations that have successfully created and administered programs that further equity in society restore democratic practices implement better urban and city planning and protect the environment Demonstrating both the critical importance and real possibility of leveraging prosperity and justice for all Americans this compelling work is a must read for anyone interested in democracy economic restoration and environmental sustainability
