Service Management and Administrative Systems in South Asia Ishtiaq Jamil, Tek Nath Dhakal, Narendra Raj

Paudel, 2018-06-25 This book examines public administration in South Asia in the context of rapid changes and modernization of administrative traditions, thoughts, and practices. The existing literature has, however, not given adequate attention to these developments at least in a single volume. The book describes both the shared administrative traditions of Bhutan, Bangladesh, China, India, the Maldives, Nepal, Pakistan, and Sri Lanka and how far they have adapted their administrative systems to respond to contemporary administrative and governance challenges. The book studies how national civil service reforms have been carried out in each member state of South Asia and how the national civil service acts and different regulations are being implemented, as well as what are the critical factors associated with the implementation of national civil service acts and reform measures in the region.
