Special Education Law Case Studies David F. Bateman, Jennifer Cline, 2019-01-12 Tremendous changes have occurred over the past decade in the provision of services to students with disabilities Federal mandates continue to define requirements for a free appropriate public education FAPE in the least restrictive environment Additionally there has been an increase in the number of lawsuits filed against school districts regarding the provision of educational services for students with disabilities Case studies are a helpful way to understand these difficult issues The case studies presented here are actual students eligible for special education and related services The case studies are represented not to tell districts and parents that this is the only way questions about special education law can be answered but to provide likely answers along with commentary for analysis The cases were developed to help new and experienced special education leaders and supervisors survive the pressures of working with students with disabilities while working to provide appropriate services and prevent litigation

Practical Cases in Special Education for All Educators Mary Konya Weishaar, Victoria Groves Scott, 2005-06 Practical Cases in Special Education for all Educators focuses in on how general educators can and should become active participants in the education of children who have disabilities by providing students with much needed practical applications of how general and special educators must work together and become involved in the education of all children Chapter 1 explains the Case Study Approach of the text and provides a sample case and framework for the rest of the text Each following chapter is categorically based on a specific disability and presents two in depth cases which are written as first person stories from various school professionals parents and students Once the characteristics associated with particular disabilities are discussed and identified the text goes on to explore how educators used applied theory and problem solving skills to craft a practical solution for each scenario Chapter Opening Case Coding Boxes informs the reader of the type of case that they will be presented with as well as the grade level of the student in the case A List of Characters that readers will meet in the case are presented at the beginning of each case Questions to Ponder appears within each case after the first main section to give students a place to reflect on the premise before delving more deeply into the story Case Study Framework Questions appear at the end of each case to help students further explore and analyze the information presented in the case These questions do not always have a right or wrong answer Thinking Critically about the Case are questions included at the end of each case that ask students to think critically about what they have read The questions in this section requires summarization and evaluation Activities at the end of each case give students an assignment to do in or outside of class to further their exploration of each case Resources for Further Investigation conclude each case chapter and give students print and web based resources to explore Appendix Individual Education Plan Drafting Activities and Templates provides several valuable sample IEP templates that students can use as part of their assignments to get practice creating IEPs Matrix of cases appears at the end of the text and offers a listing of all the cases broken out by type of case disability

category and age grade level **Case Studies for Inclusion in Education** Keith Storey, 2020-07-20 This book responds to a critical need for highly qualified personnel who will become exemplary professionals in inclusive education for students with disabilities because of their advanced knowledge skills and experiences in working with students with varying disabilities It will serve as a guide for teachers teachers in training and other service providers to engage in understanding and analyzing inclusion to help prepare them for how they can best teach and serve all students including those with a disability These case studies provide a guide for analyzing real life situations and will help readers to become a better teacher and service provider Too often the inclusion planning process only looks at a few areas and not a comprehensive analysis of skill and support needs This book provides the framework for analyzing these areas It is written in a non technical style and provides case study examples and guides for assisting readers in analyzing and understanding appropriate supports and interventions for inclusion Readers will appreciate the provision of a system for teachers teachers in training and others school psychologists behavior specialists classroom assistants etc to analyze inclusion and to understand how supports and instruction can be used to best educate students with disabilities The exploration of inclusion needs to be situated within a context which in this book is the use of the case studies for understanding and analysis An advantage of this book is that universities school districts and organizations preparing teachers can easily use it in courses or trainings that address inclusive education as the case studies comprehensively cover methodology and issues that represent best practices and evidence based methods in this area Those who are already teachers or other support providers will find the case studies to be practical and helpful for increasing their skills in applied settings Encyclopedia of Case Study Research Albert J. Mills, Gabrielle Durepos, Elden Wiebe, 2010 This is the authoritative reference work in the field An interdisciplinary set it investigates the extensive history design and methods of case study research Resources in Education , 2001-10 **The Truth About Homework From the Students' Perspective** Gladys R.
