Elizabeth Russell, 2006 The essays collected in this volume include a selection of those presented at a conference in the Universitat Rovira i Virgili Tarragona Spain in 2002 They highlight the existence of a European network of women s writing which became a valuable source of consciousness raising not only for European women writers but also for their readers The main theme running through the essays is love women loving against the odds and transcending all kinds of obstacles Does love speak a common language or is it inevitably linked to social mores and individual experience Does desire work in the same way Do love and desire have the power to subvert dichotomous thinking and motivate real change The texts studied in
