Literacy Instruction for English Language Learners Pre-K-2 Diane M. Barone, Shelley Hong Xu, 2018-10-16 Summarizing current research and weaving it into practical instructional strategies that teachers can immediately use with young English language learners ELLs this book addresses a major priority for today s primary grade classrooms All aspects of effective instruction for ELLs are explored oral language development and instruction materials word study vocabulary comprehension writing and home school connections Assessment is discussed throughout and is also covered in a separate chapter The volume is packed with realistic examples lesson planning ideas book lists online resources and reproducibles Discussion and reflection questions enhance its utility as a professional development tool or course text

Sociocultural Contexts of Language and Literacy Bertha Perez, 2004-05-20 Sociocultural Contexts of Language and Literacy Second Edition engages prospective and in service teachers in learning about linguistically and culturally diverse students and in using this knowledge to enrich literacy learning in classrooms and communities The text is grounded in current research and theory that integrate sociocultural and constructivist concepts and perspectives and provide a framework teachers can use to develop strategies for teaching reading writing and thinking to diverse students The focus on English literacy development does not imply advocacy for English only or ESL as the primary mode of literacy instruction Rather the authors take the position that learners need to develop literacy in their native language and that the concepts and skills learned in developing the native language create a foundation of strength from which students can develop English literacy Part I introduces relevant research and language learning theories Part II provides research reviews and information about literacy learning within specific culturally and linguistically diverse communities The chapters in Part III challenge the reader to view the multiple social intellectual cultural and language differences children bring to the classroom as an opportunity for learning and building on the diversity among students

Activities and suggested readings at the end of each chapter involve readers in reflection observation meaning making and the construction of application processes for their new understandings New in the Second Edition updated research and theory on multilingual and second language literacy a focus on the interpretation of these research findings to make them useful for teachers and teacher educators in understanding and articulating the research bases for literacy practices attention to current intensely debated issues such as standards the phonics movement and high stakes testing and new activities and suggested readings

The Complex and Dynamic Language Practices of Emergent Bilinguals

Mileidis Gort, 2018-10-18 This expanded edition of the International Multilingual Research Journal's recent special issue on translanguaging or the dynamic normative languaging practices of bilinguals presents a powerful comprehensive volume on current scholarship on this topic Translanguaging can be understood from multiple perspectives From a sociolinguistic point of view it describes the flexible language practices of bilingual communities From a pedagogical one it describes strategic and complementary approaches to teaching and learning through which teachers build bridges between the everyday language practices of bilinguals and the language practices and performances desired in formal school settings The Complex and Dynamic Language Practices of Emergent Bilinguals explores the pedagogical possibilities and challenges of translanguaging practice and pedagogy across a variety of U S educational programs that serve language minoritized emergent bilingual children and illustrates the affordances of dynamic multilingual learning contexts in expanding emergent bilingual children's linguistic repertoires and supporting their participation in formalized school based language performances that socialize them into the discourses of schooling Taken together the chapters in this volume examine the dynamic interactions and complex language ideologies of bilinguals including pre and in service teachers preK 12 students and other members of multilingual and multidialectal sociolinguistic communities throughout the United States as they language fluidly and flexibly and challenge the marginalization of these normative bilingual practices in academic settings and beyond The articles in this book were originally published in the International Multilingual Research Journal

Resources in Education, 1997 (Re)mapping the Latina/o Literary Landscape Cristina Herrera, Larissa M.

Mercado-López, 2016-08-10 This book broadens the scope of Latina/o criticism to include both widely read and understudied nineteenth through twenty first century fictional works that engage in critical discussions of gender race sexuality and identity The essays in this collection do not simply seek inclusion for the texts they critically discuss but suggest that we more thoughtfully consider the utility of mapping whether we are mapping land borders time migration or connections and disconnections across time and space Using new and rigorous methodological approaches to reading Latina/o literature contributors reveal a varied and textured landscape challenging us to reconsider the process and influence of literary production across borders
