Delicious Meatless Slow Cooker Meals For The Vegan Lifestyle

What you eat has been proven to directly link to how you feel, function, and live. Everyone has heard the saying "you are what you eat," but not everyone realizes how true it really is. Essentially, if you fill your body with junk, you are going to feel like junk. Once you begin to explore healthier options of what should be eaten, the findings are overwhelming: organic, non-GMO, fat-free, zero-calories, low-carbohydrates, high-protein. The obsession of what to eat and what not to eat has become a constant battle for many. The solution is quite simple: vegan living. A vegan's source of food can only come from non-animal products, including their meat, eggs, dairy, etc. The diet consists of mostly fruit, vegetables, wheat, rice, and legumes. The reasons for eating a vegan diet may vary, but many are health-related. Going vegan will make you feel healthier, look better, and feel new. A drawback to a vegan lifestyle is finding food. A vast majority of today's meals are not vegan-friendly. The best way to insure that a meal is truly vegan is to prepare it at home, but the task does not even require more than ten minutes of time. A slow cooker is an efficient and delicious way to prepare vegan meals. Just add ingredients, let sit for a few hours, and then serve. This book brings you 50 different ways to prepare vegan dishes with your slow cooker. Inside, you will find the following categories: Breakfast (10 Recipes), Soups and Stews (20 Recipes), Main Dishes (10 Recipes), Desserts (10 Recipes), and Bonuses. Available: You can get a printable version of the meal plan and shopping list. Download the book now to get started.
