Records Retention Manual California Association of School Business Officials, 1997 **California Immunization Handbook (1996)** S. Kimberly Belshe, 1999-12 Whenever children are brought into group settings there is potential for the spread of dangerous disease To prevent this the California School Immunization Law requires that children receive a series of immunizations before entry to schools or child care programs including a 3 dose hepatitis B series This handbook explains these requirements and the responsibilities they entail for schools child care centers and family child care homes It provides a reference on immunization requirements and procedures and disease reporting regulations Includes chapters on transferring and storing immunization records and computerizing immunization records **Resources in Education**, 2001-10 **California Immunization Handbook**, 1999 *Records and Information Management* Patricia C. Franks, 2013 Benefiting LIS students and professionals alike Franks presents complete coverage of the records and information lifecycle model Encompassing paper electronic databases office suites email and new media records blogs wikis as well as records residing in the cloud software as a service the text addresses a full range of topics including The origins and development of records and information The discipline of information governance Creation capture classification and file plan development Retention strategies Access storage and retrieval Electronic records and electronic records management systems Emerging technologies such as web records social media and mobile devices Vital records disaster preparedness and recovery and business continuity Monitoring auditing and risk management Inactive records management archives and long term preservation Education and training Developing a strategic records management plan **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1975 **The Digital Archives Handbook** Aaron D. Purcell, 2019-02-08 The Digital Archives Handbook provides archivists a roadmap to create and care for digital archives Written by archival experts and practitioners Purcell brings together theoretical and practical approaches to creating managing and preserving digital archives The first section is focused on processes and practices including chapters on acquisitions appraisal arrangement description delivery preservation forensics curation and intellectual property The second section is focused on digital collections and specific environments where archivists are managing digital collections These chapters review digital collections in categories including performing arts oral history architectural and design records congressional collections and email The book discuss the core components of digital archives the technological infrastructure that provides storage access and long term preservation the people or organizations that create or donate digital material to archives programs as well as the researchers use them and the digital collections themselves full of significant research content in a variety of formats with a multitude of research possibilities The chapters emphasize that the people and the collections that make up digital archives are just as important as the technology Also highlighted are the importance of donors and creators of digital archives Building digital archives parallels the cycle of donor work planning cultivation and

stewardship During each stage archivists work with donors to ensure that the digital collections will be arranged described preserved and made accessible for years to come Archivists must take proactive and informed actions to build valuable digital collections Knowing where digital materials come from how those materials were created what materials are important what formats or topical areas are included and how to serve those collections to researchers in the long term is central to archival work This handbook is designed to generate new discussions about how archivists of the twenty first century can overcome current challenges and chart paths that anticipate rather than merely react to future donations of digital archives
