Rebel Streets Tom Molloy,2012-10-21 A cracked insurgent and a determined loyalist navigate the rough and tumble undercurrents of Belfast during the Troubles of Northern Ireland *Danger Zone* Michael Beckley,Hal Brands,2022-08-16 A provocative and urgent analysis of the U S China rivalry It has become conventional wisdom that America and China are running a superpower marathon that may last a century Yet Hal Brands and Michael Beckley pose a counterintuitive question What if the sharpest phase of that competition is more like a decade long sprint The Sino American contest is driven by clashing geopolitical interests and a stark ideological dispute over whether authoritarianism or democracy will dominate the 21st century But both history and China s current trajectory suggest that this rivalry will reach its moment of maximum danger in the 2020s China is at a perilous moment strong enough to violently challenge the existing order yet losing confidence that time is on its side Numerous examples from antiquity to the present show that rising powers become most aggressive when their fortunes fade their difficulties multiply and they realize they must achieve their ambitions now or miss the chance to do so forever China has already started down this path Witness its aggression toward Taiwan its record

breaking military buildup and its efforts to dominate the critical technologies that will shape the world's future. Over the long run, the Chinese challenge will most likely prove more manageable than many pessimists currently believe, but during the 2020s the pace of Sino-American conflict will accelerate and the prospect of war will be frighteningly real. America Brands and Beckley argue will still need a sustainable approach to winning a protracted global competition. But first it needs a near-term strategy for navigating the danger zone ahead.

Metamorphosis of Turkish Foreign Policy in the 21st Century NERGİZ ÖZKURAL KÖROĞLU, HAMOON KHELGHAT-DOOST, 2023-04-21. The fading of the post WWII order called for Turkey to take on a new role in this new multi-centered and multipolar era with new players emerging from different regions across the globe. The new enterprising and humanitarian foreign policy is an effort to locate Turkey better in the 21st global politics. While the literature on principles of Turkish foreign policy is abundant, the actual mechanisms by which these principles are implemented in practice are still ambiguous to most scholars and foreign policy practitioners, especially within the country's newly developed Turkish foreign policy framework. This edited volume directs to shed light on this little explored aspect of Turkish foreign policy. By critically analyzing several cases from different geographical locations, this volume explains why Turkey developed a new foreign policy framework and by which mechanisms this new foreign policy framework has been implemented around the world. This volume also critically explores how the new Turkish foreign policy framework customizes its tools and capacities in various international regions around the world.
