Nuclear Power Reactor Delegation to the USSR.,1975 **The Chautauquan** ,1891 Social Science Quotations Robert Merton,2018-04-27 Social Science Quotations has been prepared to meet an evident unmet need in the literature of the social sciences Writings on the lives and theories of individual social scientists abound but there has been no fully documented collection of memorable quotations from the social sciences as a whole The frequent use of quotations in scientific as well as literary writings that are mere summaries or paraphrases typically fail to capture the full force of formulations that have made quotations memorable This book of quotations invites the further reading or rereading of the original texts beyond the quotations themselves Sills and Merton draw extensively upon the writings that constitute the historical core of the social sciences and social thought those works with staying power often described as the classical texts Many quotations have been drawn from these classical texts because the quotations contain memorable ideas memorably expressed Both consequential and memorable these words have been quoted over the generations entering into the collective memory of social scientists everywhere and at times diffusing into popular thought and into the vernacular as well This book is useful to social scientists anthropologists economists historians political scientists psychiatrists psychologists sociologists and statisticians and for all who want to learn or verify memorable formulations and phrases concerning social thought and social theories It is particularly useful for graduate students taking courses that examine the history of their discipline **Soviet Power Reactors--1974** United States. Energy Research and Development Administration. Division of Reactor Research and Development,1975 Causality and Locality in Modern Physics G. Hunter,Stanley Jeffers,J.P. Vigier,2013-06-29 The Symposium entitled Causality and Locality in Modern Physics and Astronomy Open Questions and Possible Solutions was held at York University Toronto during the last week of August 1997 It was a sequel to a similar symposium entitled The Present Status of the Quantum Theory of Light held at the same venue in August 1995 These symposia came about as a result of discussions between Professor Stanley Jeffers and colleagues on the International Organizing Committee Professor Jeffers was the executive local organizer of the symposia The 1997 symposium attracted over 120 participants representing 26 different countries and academic institutions The broad theme of both symposia was the enigma of modern physics the non local and possibly superluminal interactions implied by quantum mechanics the structure of fundamental particles including the photon the reconciliation of quantum mechanics with the theory of relativity and the nature of gravity and inertia Jean Pierre Vigier was the guest of honour at both symposia He was a lively contributor to the discussions of the presentations The presentations were made as 30 minute lectures or during an evening poster session Some participants did not submit a written account of their presentation at the symposium and not all of the articles submitted for the Proceedings could be included because of the publisher s page limit The titles and
