Gary Renard, best selling author of *The Disappearance of the Universe*. *The Translucent Revolution* Arjuna Ardagh, 2010-10-06

There is a gentle but profound revolution in human consciousness happening throughout the world. It has affected millions of people from all walks of life and the numbers continue to multiply exponentially. The breakthroughs they have experienced are startlingly similar and are marked by a new sense of well being, increased joy in life, diminished fear, and a natural impulse to serve and contribute to the world in a real way. For more than a decade, Arjuna Ardagh has studied this worldwide advance in human consciousness, marked by what he calls transluents: individuals who have undergone a spiritual awakening deeply enough that it has permanently transformed their relationship to themselves and to reality while allowing them to remain involved in ordinary life. *The Translucent Revolution* draws on the author's dialogues with thousands of writers, teachers, and workshop participants around the world who display characteristics of translucence. He blends observation, anecdote, and research, including commentaries from leading pioneers in the field of human consciousness. **HeartBreak Therapy**
