

SELF-EVALUATION REPORT

COMPOSITION OF THE SELF-EVALUATION GROUP

The scope of the work of the self-evaluation group consisted of data-gathering, analysis and writing of the report. In the first part of self evaluation, data according to the criteria established in the methodology of study programme assessment was gathered and systematised, opinion of external stakeholders and teaching staff surveyed. In the final stage of evaluation, responsibility of the work group members consisted chiefly of systematising the analysis of programme, drafting and communicating strengths, weaknesses and measures of expected improvement of the area. Valdas Jaskūnas was responsible for the evaluation of study programme aims and learning outcomes as well as curriculum design, Marija Tarasova for the evaluation area related to teaching staff, Kristina Garalytė for the evaluation of facilities and learning resources, Dalia Švambarytė and Loreta Poškaitė for the evaluation of study process and students' performance assessment, Audrius Beinorius for the evaluation of programme management. The students' representative at the group was responsible for communicating the results of the work group for the students and analysing their feedback.

Football, Community and Social Inclusion Daniel Parnell,David Richardson,2017-10-02 This special issue addresses the complex reality of English community football organisations including Football in the Community FitC schemes which have been attending to social agendas such as social inclusion and health promotion The positioning of football as a key agent of change for this diverse range of social issues has resulted in an increase in funding support Despite the increased availability of funding and the apparent willingness of football clubs to adopt such an altruistic position within society there remains limited empirical evidence to substantiate football's ability to deliver results This book explores the current role of a football and football clubs in supporting and delivering social inclusion and health promotion to its community and seeks to examine the philosophical political environmental and practical challenges of this work The power and subsequent lure of a football club and its brand is an ideal vehicle to entice and capture populations that normally ignore or turn away from positive social and or health behaviours The foundations of such a belief are examined outlining key recommendations and considerations for both

researchers and practitioners attending to these social and health issues through the vehicle of football This book was originally published as a special issue of Soccer Society Clinician's Guide To Neuropsychological Assessment Rodney D. Vanderploeg, 2014-04-04 Neuropsychological assessment is a difficult and complicated process Often experienced clinicians as well as trainees and students gloss over fundamental problems or fail to consider potential sources of error Since formal test data on the surface appear unambiguous and objective they may fall into the habit of overemphasizing tests and their scores and underemphasizing all the factors that affect the validity reliability and interpretability of test data But interpretation is far from straightforward and a pragmatic application of assessment results requires attention to a multitude of issues This long awaited updated and greatly expanded second edition of the Clinician's Guide to Neuropsychological Assessment like the first focuses on the clinical practice of neuropsychology Orienting readers to the entire multitude of issues it guides them step by step through evaluation and helps them avoid common misconceptions mistakes and methodological pitfalls It is divided into three sections fundamental elements of the assessment process special issues settings and populations and new approaches and methodologies The authors all of whom are actively engaged in the clinical practice of neuropsychological assessment as well as in teaching and research do an outstanding job of integrating the academic and the practical The Clinician's Guide to Neuropsychological Assessment Second Edition will be welcomed as a text for graduate courses but also as an invaluable hands on handbook for interns postdoctoral fellows and experienced neuropsychologists alike No other book offers its combination of breadth across batteries and approaches depth and practicality **Personality Assessment** Robert P. Archer, Steven R.
