A Leader's Guide to Storytelling Mark Dailey, 2021-10-20 Part manual part memoir and part call to action this book demonstrates why the core skill needed by leaders in the next decade and into the future will be authentic and effective communication Communications based on character integrity and values will be critical in helping leaders navigate the two mega trends of accelerated technological change and increasing demands for social change This book is the first to marry practical advice on deepening communication skills with insight from a coaching and cognitive point of view into what techniques works and why and to pull together the wider societal issues and the operating context for leaders Counter intuitive and written to provoke thought and awareness the author looks at the psychological and emotional effects of our communications and what leaders can do to

inspire and engage guiding them through three sections A framework for effective communications A toolkit detailing what good looks like in practical situations The authentic leader an exploration of the changing communications landscape and why a different kind of leadership is needed C suite executives leaders about to take that last step into the C suite or millennial leaders about to enter the boardroom will value this book as an advisory guide as a handbook to be used in internal coaching and training sessions and as a manual and aide memoir for themselves **The Leader's Guide to Managing**

Risk K. Scott Griffith,2023-11-07 Be prepared for the dangerous and largely unknown risks that threaten your business and learn how to survive and thrive when uncertainty hits Leaders today must navigate their teams and organizations through unprecedented levels of uncertainty It feels like every year there is some game changing technology or catastrophe that gives rise to a new normal and sends businesses scrambling for how to rethink themselves to operate under these new conditions In The Leader s Guide to Managing Risk K Scott Griffith a former airline pilot socio technical physicist and author of the first independently audited high reliability and just culture model offers practical and proven methods to build processes that will withstand the winds of uncertainty while driving success By understanding that organizations are people operating within systems leaders of all kinds will build reliability and resiliency into their culture and set up their business to withstand the next big changes that come their way Learn a new way of seeing understanding and managing risk Understand how people and systems interact in organizations and how to build processes that increase resilience and performance Collaborate with all stakeholders including employees to help you foresee dangers and achieve sustainable reliability Implement proven methods from Scott s award winning model that is being used in some of the most prestigious healthcare EMS and transportation companies in the world Achieve independent validation of success through certification **From Sin to**

Disease Jonathan K. Okinaga,2022-09-23 Since Benjamin Rush first introduced the disease of wills as the cause of alcoholism a steady and slow infiltration of the disease model has infected how the church treats those who struggle with addictions The first organization that truly sought to remove the soul care of addicts from the church was Alcoholics Anonymous AA through their bestselling The Big Book of AA and the introduction of the 12 Steps AA s influence on how the church confronts addiction still reverberates today with many of the ministries that address addiction firmly rooted in what can be found in AA literature Addictions were once viewed as an issue caused by sin and best addressed through faith and prayer Currently addiction is seen through the lens of disease The ramifications are consequential as more church members are struggling with addictions than ever before Tracing the progression of addiction from sin to disease will reveal that the SBC and its churches have been negligent in understanding the underlying foundations of AA and the influence that the medicalization of substance abuse has had on how churches approach what should be classified as a sin issue **The Weary Leader's Guide**

to Burnout Sean Nemecek,2023-03-28 In The Weary Leader s Guide to Burnout Sean Nemecek takes Christian leaders on a journey from burnout through recovery and on to spiritual transformation By understanding the causes and symptoms of

their burnout these leaders will be ready to take practical actionable steps toward wholeness Then if they choose they will be poised to do the inner work of spiritual transformation by the power and guidance of the Holy Spirit In the end these leaders will emerge from burnout more confident in Christ more connected with others and with greater purpose courage and grace in their leadership This book integrates biblical interpretation theology psychology and contemplative spirituality into a holistic approach to recovery It is filled with relatable stories of church leaders who have walked this path and includes discussion questions for personal contemplation or group discussion The *Weary Leader's Guide to Burnout* will help pastors and Christian leaders develop an integrated approach to life work and ministry through healing and spiritual transformation
