Achingly beautiful. Manuel Betancourt The New York Times Book Review Long before Laverne Cox appeared on the cover of Time far removed from drag and ballroom culture there were countless trans women living and dying as men most of whom didn't even know they were trans. Diana Goetsch's *This Body I Wore* chronicles one woman's long journey to coming out a path that runs parallel to the emergence of the trans community over the past several decades. How can you spend your life face to face with an essential fact about yourself and still not see it? This is a question often asked of trans people and a question that Goetsch, an award-winning poet and essayist, addresses with the power and complexity of lived reality. She brings us into her childhood, her time as a dynamic and beloved teacher at New York City's Stuyvesant High School, and her plunge into the city's crossdressing subculture in the 1980s and 90s. Under cover of night crossdressers risked their jobs and their safety to give expression to urges they could neither control nor understand. Many would become late transitioners, the Cinderellas of the trans community largely ignored by history. Goetsch has written not a transition memoir but rather a full account of a trans life, one both unusually public and closeted. All too often trans lives are reduced to before and after photos, but what if that before photo lasted fifty years?     **"The" Illustrated London News** ,1853
