Push Back Judith Large, 2016-12-15 In 2009 after decades of conflict the Sri Lankan government proclaimed the decisive defeat of the Liberation Tamil Tigers of Elam Subsequently the state proved resistant to attempts by the UN and other international bodies to promote post war reconciliation or reform In this incisive new work Judith Large investigates the ways in which the Rajapaksa government was able to subvert international diplomatic efforts as well as exploring the wider context of rising Sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within Sri Lanka to work towards a positive peace Push Back is vital reading not only for those interested in Sri Lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics

Thinking of Questions Peter Limm, 2015-09-23 This is not a conventional book It is designed to stimulate and challenge all people who are curious to find out about the world they inhabit and their place within it It does this by suggesting questions and lines of questioning on a wide range of topics The book does not provide answers or model arguments but prompts people to create their own questions and a reading log or journal To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading Once you start you will be hooked Never stop questioning

The End of the Ottomans Hans-Lukas Kieser, Margaret Lavinia Anderson, Seyhan Bayraktar, Thomas Schmutz, 2019-04-25 In the early part of the twentieth century as Europe began its descent into the First World War the Ottoman world once the largest Empire in the Middle East began to experience a revolution which would culminate in the new secular Turkish state Alongside this in 1915 as part of an increasing nationalism it enacted a genocide against its Armenian citizens In this new study Hans Lukas Kieser marshals a dazzling array of scholars to re evaluate the approach and legacy of the Young Turks whose eradication of the Armenians from Asia Minor would have far reaching consequences Kieser argues that genocide led to today s crisis ridden Middle East and set in place a rigid state system whose effects are still felt in Turkey today Featuring new and

groundbreaking work on the role of bureaucracy the actors outside of Istanbul and re centring Armenian agency in the genocide *The End of the Ottomans* is a vital new study of the Ottoman world the Armenian Genocide and of the Middle East

Harris,2016-08-05 This book questions the conventional wisdom about one of the most controversial episodes in the Cold War and tells the story of the CIA's backing of the Congress for Cultural Freedom For nearly two decades during the early Cold War the CIA secretly sponsored some of the world's most feted writers philosophers and scientists as part of a campaign to prevent Communism from regaining a foothold in Western Europe and from spreading to Asia By backing the Congress for Cultural Freedom the CIA subsidized dozens of prominent magazines global congresses annual seminars and artistic festivals When this operation QKOPERA became public in 1967 it ignited one of the most damaging scandals in CIA history Ever since then many accounts have argued that the CIA manipulated a generation of intellectuals into lending their names to pro American anti Communist ideas Others have suggested a more nuanced picture of the relationship between the Congress and the CIA with intellectuals sometimes resisting the CIA's bidding Very few accounts however have examined the man who held the Congress together Michael Josselson the Congress's indispensable manager and secretly a long time CIA agent This book fills that gap Using a wealth of archival research and interviews with many of the figures associated with the Congress this book sheds new light on how the Congress came into existence and functioned both as a magnet for prominent intellectuals and as a CIA operation This book will be of much interest to students of the CIA Cold War History intelligence studies US foreign policy and International Relations in general **The Shadow of Kenyan Democracy** Dominic

Burbidge,2016-03-09 Why has democracy failed to reduce corruption in Kenya Framing the challenge in game theoretical terms Dominic Burbidge examines how mutual expectations between citizens dictate the success or failure of political reforms Since 1992 Kenya has conducted multiparty elections with the hope of promoting accountability and transparency in government This is being undermined by ongoing corruption and an increasingly centralised state response to terrorism Providing a nuanced assessment of democracy's difficult road in Kenya Burbidge discusses the independent role being played by widespread social expectations of corruption Through tracking average views of the average person it is possible to identify a threshold beyond which society suffers mutually reinforcing negative social expectations This trend is the shadow of Kenyan democracy and must be treated as a policy challenge on its own terms before institutional reforms will be successful **Radicalized** Peter R. Neumann,2016-09-30 As ISIS seeks to expand its reach in the Middle East its territory

serves as a base for training and operations for a new generation of jihadis Thousands of young people from the West primarily from Europe have travelled to join ISIS re-emerging as hardened fighters with military training and a network of international contacts Many of these have now returned to their homelands where it is feared they are planning a new series of brutal attacks Peter R Neumann here explains the phenomenon of the new jihadis and shows why the threat of terrorism in

the West is greater than ever before Based on interviews and previously unseen material Neumann provides an essential introduction to one of the greatest crises of our time **The Modern History of Iraq** Phebe Marr,2018-05-15 The Modern History of Iraq is a remarkably readable account of contemporary Iraq placing in historical perspective the crises and upheavals that continue to afflict the country This text weaves together several important themes including the search for a national identity the struggle to achieve social and economic development the changes in political dynamics and the impact of foreign interventions to provide readers with a holistic understanding of modern Iraq Revised and updated throughout the fourth edition features more discussion of cultural identity and media and society In addition this edition includes two new chapters on the events and shifts in the country of the early twenty first century the US intervention and withdrawal the stabilization and subsequent unraveling of the Maliki government the effects of the Arab uprisings and the rise of ISIS and their political economic and social consequences Written by noted Iraq scholar Phebe Marr with new co author Ibrahim al Marashi this text is essential reading for readers who seek to understand modern Iraq in the context of historical perspective
