Waddington, 1998

Zimbabwe International Monetary Fund, 2011-06-14 Stronger policies favorable external environment and notable improvement in the humanitarian situation supported a nascent economic recovery in Zimbabwe Executive Directors welcomed this and urged authorities to take advantage of the favorable external environment to strengthen their macroeconomic framework They stressed the need to strengthen the fiscal position and expressed concern about rising vulnerabilities in the banking system They welcomed the authorities strategy for arrears clearance Directors agreed that the Staff Monitored Program SMP would help establish a track record of sound policies and encouraged the authorities to continue timely data reporting **The History and Political Transition of Zimbabwe** Sabelo J. Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis Its focus is on a very problematic political culture that is proving very hard to transcend At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti colonial liberation struggle in the 1970s Inevitably violence misogyny and masculinity are constitutive of the political culture Economically speaking the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self styled Chimurenga aristocracy However this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe s ousting from power was preceded by dirty and protracted internal factionalism At the center of the factional politics was the first family Robert Mugabe and his wife Grace Mugabe This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe taking seriously such issues as gender misogyny militarism violence media identity modes of accumulation the ethnicization of politics attempts to open lines of credit and FDI national healing and the national question as key variables not only of a complete political culture but also of difficult transitional politics *Joshua Mqabuko Nkomo of Zimbabwe* Sabelo J. Ndlovu-Gatsheni, 2017-08-17 This book is a pioneering study of Joshua Mqabuko Nkomo a Zimbabwean nationalist whose crucial role in the country s anti colonial struggle has largely gone unrecognized These essays trace his early influence on Zimbabwean nationalism in the late 1950s and his leadership in the armed liberation movement and postcolonial national building processes as well as his denigration by the winners of the 1980 elections Mugabe s Zimbabwe African National Union Patriotic Front The Nkomo that emerges is complex and contested the embodiment of Zimbabwe s tortured trajectory from colony to independent postcolonial state This is an essential corrective to the standard history of twentieth century Zimbabwe and an invaluable resource for scholars of African nationalist liberation movements and nation building Zimbabwe Post Independence Public Administration Sam

Agere,1998 Since independence in 1980 Zimbabwe's radical socialist government has struggled to steer the nation into development and prosperity The engine for that drive has been public administration but one inherited from a distinctly different and antagonistic colonial past How can the interests of the keepers of the past ever coincide with those of the engineers of change Drawing on the specifically Zimbabwean experience of researchers academics policy makers and administrators the book explores the contradictions constraints and difficulties in pursuing policies for change within a rusting and out of date administration system The work is divided into four parts Public Administration Economic Development Planning and Management The State and Social Movements and Local Government and non Governmental Organisations

Private Wildlife Conservation in Zimbabwe Harry Wels,2021-11-08 This book is the first about private wildlife conservation and community involvement in Zimbabwe It is a case study based on ethnographic fieldwork done in 1998 It focuses on the joint venture between a private wildlife conservation initiative the Save Valley Conservancy and its surrounding communities in terms of reciprocal exchange and the land question It makes clear amongst other things that the current political tragedy in Zimbabwe about land did not start when Mugabe lost the referendum in February 2000 The book tries to offer an explanation for the unforgiving route that Mugabe has obviously taken in the land question despite his words of reconciliation when he came to power in 1980 This book is of particular interest to students practitioners and academics in the fields of private wildlife conservation community participation and organisational co operation

Uneven Zimbabwe Patrick Bond,1998 Uneven Zimbabwe examines the influence of domestic and international financial markets and financiers in uneven development in Zimbabwe using and contributing to the tools of radical political economy Theoretically Bond begins with criticism of the classical Marxist concepts of finance capital for focusing on institutional characteristics and failing to grasp underlying dynamics Instead as economic crisis tendencies emerge the power of finance periodically intensifies temporarily displacing crisis through time and space and across geographical scales But the limits of the financial solution become evident when paper assets delink from the productive assets they are meant to represent as well as in the role that finance plays in amplifying uneven development across different economic sectors spaces and scales
