commitment of Libya while reducing the resources available to MoD **Righting the Balance** Daniel Serwer,2013-11-30 When Daniel Serwer is asked what he does he often replies I make peace I put it in cans and ship it abroad That pursuit of peace took him to Iraq Afghanistan Libya Egypt and many places in between during Serwer s forty years in public service His experiences at the sharp end of foreign policy have shaped his view of the United States ability to protect itself from today s threats In **Righting the Balance** Serwer focuses on what should be done to protect the United States by offering alternatives that move away from an exclusive reliance on the military Most fundamentally Serwer stresses that civilians diplomats aid workers UN officials humanitarians police trainers lawyers judges entrepreneurs can and should be involved in helping bring about peace **Righting the Balance** offers a proposal to reform our civilian institutions for the twenty first century so that they can help deliver real results in the search for peace even when confronting difficult conditions in faraway places Rising Titans, Falling Giants Joshua R. Itzkowitz Shiffrin,2018-09-15 As a rising great power flexes its muscles on the political military scene it must examine how to manage its relationships with states suffering from decline and it has to do so in a careful and strategic manner In **Rising Titans Falling Giants** Joshua R Itzkowitz Shiffrin focuses on the policies that rising states adopt toward their declining competitors in response to declining states policies and what that means for the relationship between the two **Rising Titans Falling Giants** integrates disparate approaches to realism into a single theoretical framework provides new insight into the sources of cooperation and competition in international relations and offers a new empirical treatment of great power politics at the start and end of the Cold War Shiffrin challenges the existing historical interpretations of diplomatic history particularly in terms of the United States China relationship Whereas many analysts argue that these two nations are on a collision course Shiffrin declares instead that rising states often avoid antagonizing those in decline and highlights episodes that suggest the US China relationship may prove to be far less conflict prone than we might expect Aftermath Yutaka Tsujinaka,Hiroaki Inatsugu,2018 **Aftermath Fukushima and the 3 11 Earthquake** is a comprehensive analysis of recovery and reconstruction following the triple disaster in Japan on March 11 2011 This collection addresses the question of why despite the relative success of network governance in brokering a response to the disaster and to reconstruction politics failed either to prepare for the disaster or to respond adequately to it In examining Japan s political system leading up to 3 11 **Aftermath** looks at the system of network governance that operated between various organizations and levels of government The book scrutinizes the political influence network that united politicians and the bureaucracy with the major corporations and created a system to promote nuclear power Through political policy economic and social analysis **Aftermath** aims to contribute to the development of mechanisms and structures to minimize the impact of disasters Series Japanese Society Series Subject Politics Governance Japanese Studies Nuclear Studies *Railway Age* ,1952 Simpler Cass R.
