The Use of Force in International Law Tom Ruys, Olivier Corten, Alexandra Hofer, 2018-04-26 The international law on the use of force is one of the oldest branches of international law It is an area twinned with the emergence of international law as a concept in itself and which sees law and politics collide The number of armed conflicts is equal only to the number of methodological approaches used to describe them Many violent encounters are well known The Kosovo Crisis in 1999 and the US led invasion of Iraq in 2003 spring easily to the minds of most scholars and academics and gain extensive coverage in this text Other conflicts including the Belgian operation in Stanleyville and the Ethiopian Intervention in Somalia are often overlooked to our peril Ruys and Corten s expert written text compares over sixty different instances of the use of cross border force since the adoption of the UN Charter in 1945 from all out warfare to hostile encounters between individual units targeted killings and hostage rescue operations to ask a complex question How much authority does the power of precedent really have in the law of the use of force Classification of Conflicts in International Humanitarian Law Noam

Zamir, 2017-02-24 Noam Zamir provides a thorough examination of the theoretical basis of classification of conflicts in international humanitarian law IHL with special focus on the legal impact of armed foreign intervention in civil wars *Classification of Conflicts in International Humanitarian Law* enriches the discourse on IHL by providing an in depth analysis of classification of conflicts and examining recent civil wars with foreign interventions such as the Libyan civil war 2011 Mali civil war 2012 2015 and the ongoing civil war in Yemen *Military Assistance on Request and the Use of Force* Erika De Wet, 2020 This book examines the extent which the proliferation of military assistance on request is changing the rules governing the use of force The author explores the authority to make these requests particularly during civil wars where some territorial control may be lost and there is a risk of systematic violations of international humanitarian law

International Law and New Wars Christine Chinkin, Mary Kaldor, 2017-04-27 Examines the difficulties in applying international law to recent armed conflicts known as new wars **Collective Self-Defence in International Law** James A. Green, 2024-01-25 Examines the conceptual nature of collective self defence in international law the requirements for its operation and how they apply Professional Journal of the United States Army , 2016-05 *Armed Intervention and*

Consent Dino Kritsiotis, Olivier Corten, Gregory H. Fox, 2023-07-06 Three experts address the law governing armed interventions based on real or alleged consent of states embroiled in military strife **State of the World's Minorities and Indigenous Peoples 2016** Peter Grant, 2016-07-12 The unique cultures of minorities and indigenous peoples worldwide spanning a wide variety of customs and practices are under threat This year s edition of State of the World s Minorities and Indigenous Peoples highlights the impact of land dispossession forced assimilation and other forms of discrimination on the most fundamental aspects of their identity including language art traditional knowledge and spirituality But while the effects of this attrition can be devastating minority and indigenous cultures have also been critical in strengthening communities

and providing activists with a platform to fight for their rights As this volume illustrates ensuring that the cultural freedoms of minorities and indigenous peoples are protected is essential if their other rights are also to be respected **Practical**
