Weaver, 1998-02-05 CHOICE 1998 Outstanding Academic Books Grading is one of the thorniest issues writing teachers must deal with yet surprisingly little has been written on this topic As writing teachers move increasingly toward practices that focus on writing as a process they face a growing need to reconsider their systems of grading to determine whether or not these systems support their pedagogies The authors interrogate the grading of individual papers as well as portfolios and the assigning of end of term grades This collection explores the issues and problems that have emerged as conventional grading practices have lagged behind and been challenged by new theories of language While the book will be of interest to theorists Zak and Weaver have also made the book relevant and useful to teachers whose primary interest is the practical consequences of theory in their classrooms Where theoretical discussion takes place the language is clear and accessible Many of the authors write directly from personal experience telling stories of the classroom or writing of new techniques and approaches they have tried They speak with the voices of teachers and the tone and content of their words convey a sense of the immediacy of the topic At to Z Scouting Guide, 2000-2001 John Benson, Steve Moyer, 1999-11 Covering over 2 000 active players this guide contains a concise combination of scouting tips plus two years of statistics a complete reference source available in one volume **Manual of the Railroads of the United States for 1872-73** Henry Varnum Poor, 1872 **Public Health Service Bibliography Series** , 1952 *Official Guide* National Baseball Congress of America, 1963 **Manual of the Railroads of the United States** , 1868 **Spalding's Official Foot Ball Guide** , 1922 Readers' Guide to Periodical Literature , 1925 *Poor's Manual of Railroads* , 1878 **Poor's Manual of the Railroads of the United States ...** , 1872 Public Health Bibliography Series United States.
