

1.1 THE ORIGINS OF APARTHEID

- Established on basic principles:
 - South Africa was comprised of 4 racial groups, each with their own inherent + separate culture
 - Whites were the "civilized" race and were entitled to power over other races
 - The white race was a single entity despite comprising of Afrikaners + English speakers
 - Black were made up of different tribes (differences distinguished so whites could be seen as a homogenous majority)
 - Since it was believed other races were inferior, the facilities provided for them could also be inferior
- Grand Apartheid** → overall policy to keep races as separate as possible including living areas
- Petty Apartheid** → day-to-day restrictions, such as separate facilities + racial segregation
- Afrikaners = **Boers** → Great Trek away from British rule, 2 republics (Transvaal + Orange Free State)
- 1867 + 1886 Gold Rush → Second Boer War 1899
 - Britain won → absorbed Boer republics into new Union of South Africa
- 1910-36 → racial legislation designed to discriminate against black population w/ pass laws + **homelands**
- Pass Laws** → type of internal passport system to regulate where Africans could live + work + visit
- Transient Migration** → temporary resettlement as guest workers in the city
 - Whites wanted cheap labour in the cities but didn't want blacks to live there, so they implemented pass laws and temporary housing as **shantytowns** resulting in rapid **urbanization**
 - By mid-1950s Johannesburg's pop. was 500,000 African and 450,000 white
- 2 Main Political parties
 - United Party** → supported link w/ Britain + segregation
 - National Party** → Afrikaners promoting apartheid + white supremacy + separation from Britain
- DF Malan** → **Purified National Party**, agenda of apartheid + anti-British policies

1.2 NATURE AND CHARACTERISTICS OF DISCRIMINATION

POPULATION REGISTRATION ACT 1950

- Designated racial groups of everyone in SA + insisted different groups be kept separate
- Citizens registered according to racial group + issued with ID card with racial group
- Race Classification Board could upgrade/downgrade people's race
- Result → families torn apart

PROHIBITION OF MIXED MARRIAGES ACT 1949 AND IMMORALITY ACT 1950

- Mixed marriages and sexual relations between whites and non-whites made illegal
- Immorality Act an extension of Prohibition of Mixed Marriages Act
- Coloureds faced with harsher punishments than whites

GROUP AREAS ACT 1950 + FORCED REMOVALS 1955

- "The essence of apartheid"
- Designed to bring about total residential segregation of different racial groups in urban areas, specifically by removing non-whites from inner city areas that would become whites-only areas
- Responsible for **forced removal of approx. 3.5 million Africans**, with over 1 million of those being moved from urban areas back to homelands

The Foundations and Traditions of Constitutional Amendment Richard Albert,Xenophon Contiades,Alkmene Fotiadou,2017-07-13 There is growing interest in constitutional amendment from a comparative perspective Comparative constitutional amendment is the study of how constitutions change through formal and informal means including alteration revision evolution interpretation replacement and revolution The field invites scholars to draw insights about constitutional change across borders and cultures to uncover the motivations behind constitutional change to theorise best practices and to identify the theoretical underpinnings of constitutional change This volume is designed to

guide the emergence of comparative constitutional amendment as a distinct field of study in public law Much of the recent scholarship in the field has been written by the scholars assembled in this volume This book like the field it hopes to shape is not comparative alone it is also doctrinal historical and theoretical and therefore offers a multiplicity of perspectives on a subject about which much remains to be written This book aspires to be the first to address comprehensively the new dimensions of the study of constitutional amendment and will become a reference point for all scholars working on the subject The volume covers all of the topics where innovative work is being done such as the notion of the people the trend of empirical quantitative approaches to constitutional change unamendability sunrise clauses constitutional referenda the conventional divide between constituent and constituted powers among other important subjects It creates a dialogue that cuts through these innovative conceptualisations and highlights scholarly disagreement and in so doing puts ideas to the test The volume therefore captures the fierce ongoing debates on the relevant topics it reveals the current trends and contested issues and it offers a variety of arguments elaborated by prominent experts in the field It will open the way for further dialogue

Push Back Judith Large, 2016-12-15 In 2009 after decades of conflict the Sri Lankan government proclaimed the decisive defeat of the Liberation Tamil Tigers of Eelam Subsequently the state proved resistant to attempts by the UN and other international bodies to promote post war reconciliation or reform In this incisive new work Judith Large investigates the ways in which the Rajapaksa government was able to subvert international diplomatic efforts as well as exploring the wider context of rising Sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within Sri Lanka to work towards a positive peace *Push Back* is vital reading not only for those interested in Sri Lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics

Africa Assistant Professor Morten Jerven, 2015-06-11 A valuable corrective to the fraying narrative of African failure Foreign Affairs Not so long ago Africa was being described as the hopeless continent Recently though talk has turned to Africa rising with enthusiastic voices exclaiming the potential for economic growth across many of its countries What then is

the truth behind Africa's growth or lack of it. In this provocative book Morten Jerven fundamentally reframes the debate challenging mainstream accounts of African economic history. Whilst for the past two decades experts have focused on explaining why there has been a chronic failure of growth in Africa Jerven shows that most African economies have been growing at a rapid pace since the mid nineties. In addition African economies grew rapidly in the fifties the sixties and even into the seventies. Thus African states were dismissed as incapable of development based largely on observations made during the 1980s and early 1990s. The result has been misguided analysis and few practical lessons learned. This is an essential account of the real impact economic growth has had on Africa and what it means for the continent's future.
