Authority Ray D. Brown,2018-08-10 Never man spake like this man re John 7 46 The authority to speak in the name of Jesus Christ is given to them whom by suffering association and self denial have taken up their cross and followed him not straight to heaven but to Gethsemane Pilate s Hall and then Calvary The cross of Jesus Christ is my cross and it is yours By appointment we are given place in midnight wrestlings to win the power and by progressive grace and truth we are given place This is authority to have place in Christ and to speak out of that place for Christ Mainstream Christianity has no viable witness of Jesus Christ because they do not live for Jesus Christ they live for themselves Christians talk about everything but Christ Someone has to say it and this book without apology does just that

Driving Detroit George Galster,2012-08-16 For most of the twentieth century Detroit was a symbol of American industrial

might a place of entrepreneurial and technical ingenuity where the latest consumer inventions were made available to everyone through the genius of mass production Today Detroit is better known for its dwindling population moribund automobile industry and alarmingly high murder rate In *Driving Detroit* author George Galster a fifth generation Detroiter and internationally known urbanist sets out to understand how the city has come to represent both the best and worst of what cities can be all within the span of a half century Galster invites the reader to travel with him along the streets and into the soul of this place to grasp fully what drives the Motor City With a scholar's rigor and a local's perspective Galster uncovers why metropolitan Detroit's cultural commercial and built landscape has been so radically transformed He shows how geography local government structure and social forces created a housing development system that produced sprawl at the fringe and abandonment at the core Galster argues that this system in tandem with the region's automotive economic base has chronically frustrated the population's quest for basic physical social and psychological resources These frustrations in turn generated numerous adaptations distrust scapegoating identity politics segregation unionization and jurisdictional fragmentation that collectively leave Detroit in an uncompetitive and unsustainable position Partly a self portrait in which Detroiters paint their own stories through songs poems and oral histories *Driving Detroit* offers an intimate insightful and perhaps controversial explanation for the stunning contrasts poverty and plenty decay and splendor despair and resilience that characterize the once mighty city
