Nsfas Closing Dates For Second Semester Registration:

The Power Behind Positive Impact Philip Vuyo Kaasi, 2014-02-28 If you want your life to be significant and mean something the best thing you should do is to impact other people's lives. Let this book influence you to be an actor instead of an onlooker or spectator in life. The author wants the reader to study closely the people who were and still are successful and happy so that the reader will realize the faith exercised by these people, the failures they endured and the complexity of the process they went through to have acquired their accomplishments. You do not have to have the tangible possessions to know that you are wealthy but if you feel and conduct yourself in the manner in which other successful and happy people conduct themselves it will feel as if you do not even need the tangible things because of your dominant state of your mental attitude towards success and happiness. Be afraid of giving up whenever faced with an impossible challenge perhaps as far as your mental attitude is concerned God is helping you. He is with you. He is guiding you and He will see you through. Don't be envious and jealous rather admire people who are successful and happy in life. Life is a blessing. **AIMING FOR THE STARS** Dr Sphumelele Ndlovu, 2018-07-13 **AIMING FOR THE STARS** is a memoir of Dr Sphumelele Ndlovu and his life of hardship which led him to becoming a Scientist. His mother sold chickens to provide for her children never considering himself worse off than others. The family was poor. Sphumelele's life was also derailed when strikes caused 24 out of the 28 teachers at his school to abandon their posts in his matric year. Education was Ndlovu's ticket to a better future and he knew at a young age that he wasn't going to give it up without a fight. Ndlovu's PhD placed him to be part of a team of scientists set out to measure the distance between the Earth and Moon using lasers. It is the sixth ever such venture but the first to be carried out by an African team. A man whose horizon was once confined to the perimeter of a chicken coop now handled tools that allowed his eyes to glide over galaxies. **A GUIDE TO BEING AN EXTRAORDINARY STUDENT** Jeremia Lelosa, Mahlodi Kgatle, Morongwa Maifo, Sibusiso Gama, Treasure Mokalapa, Tieho Hans, 2017-03-04 This is an inspirational and motivational book for students at University and or College as well as those who have aspirations of furthering their studies at university and or college post matric.
