Periodicals in Print, Australia, New Zealand & the South Pacific ,1996 **Periodicals in Print, Australia, New Zealand & Papua New Guinea** ,1994 *Financial World* ,1981 **Gale Directory of Databases** ,1993 2014-15 Calendar ,2014 *Calendar of Working Days in the Building Industry* J. A. Hope,F. J. Bromilow,Building Research Laboratory (Australia),1972 An earlier Divisional Report contained a table which listed the number of working days from the 1st January 1958 to any subsequent date up to the 31st December 1974 for use in following the other procedures set out in that publication Some two years have elapsed since the calendar was originally compiled and many projects now in their planning stages under construction or about to be planned are likely to be completed later than the end of 1974 It has therefore been decided to extend the calendar beyond that date to 1980 Both versions of the calendar are based on a five day working week but in response to several requests a further calendar has been compiled on the basis of a six day working week This section of the report has been printed on blue paper for positive identification The opportunity has been taken to revise the schedule of holidays but any differences from the previously published calendar are of minor consequence A full list of the actual holiday dates used in construction of the calendars based on building industry practice in Melbourne is included in this report *BackWatch Industry Profile* ,1996
