Needle Work Battery Acid Heroin And Double Murder:

Needle Work Fred Rosen, 2001 Follows the murderous exploits of Carol Giles and Tim Collier who murdered Jessie Giles Carol's husband with a heroin laced insulin shot and then brutally murdered Carol's friend Nancy Billiter **Needle Work** Fred Rosen, 2015-07-01 A Michigan couple's affair leads to two grisly murders by heroin injection in this true crime account from the acclaimed author of *Lobster Boy* When Carol Giles's friend Nancy Billiter was found dead she had been bound sexually violated and injected with a lethal dose of battery acid and heroin detectives in Michigan traced Billiter's death back to Giles and her boyfriend Tim Collier Police also learned that the diabolical duo shared another secret They had murdered Giles's husband Jessie who had died months before Billiter was disinterred and an autopsy proved he'd been given a lethal shot of heroin instead of his prescribed insulin Homebound and diabetic Jessie was a heroin dealer Police determined that Giles who was fed up with taking care of her husband and children along with her lover Collier had stolen the fatal dose from Jessie's own drug supply The cops surmised that Billiter's death might have been due to her knowledge of the couple's plot In their dramatic trial Giles and Collier turned against each other but both were eventually convicted of murder

Four Shocking True Crime Tales Fred Rosen, 2017-09-05 Four bizarre true crime stories about serial killers murder sprees sideshows and church pulpits in one sensational volume These grisly true crime books by a former New York Times columnist chronicle four shocking and disturbing cases *Body Dump* Few people in Poughkeepsie New York paid mind when prostitutes started vanishing off the streets Nor did anyone have hard evidence to link the disappearances to suspect Kendall Francois a slovenly middle school hall monitor nicknamed Stinky Then one woman escaped his house of horrors and led authorities to the ghastly secrets hidden in Francois's attic *Flesh Collectors* When social misfit Jeremiah Rodgers and racist devil worshipper Jonathan Lawrence met in a Florida penal system mental hospital they discovered a mutual lust for sadism Then they were released What followed was a thrill killing spree of murder rape and cannibalism the makings of an unforgettable true crime classic *Dan Zupansky* host of Blog Talk Radio's *True Murder* *Lobster Boy* With his lobster claw hands and stunted legs Grady Stiles Jr traveled the carnival circuit as *Lobster Boy* He was also a violently dangerous husband and father who had been convicted once before of murder After years of abuse his wife a sideshow wonder known as the *Electrified Girl* fought back with a murder for hire *Deacon of Death* By day Sam Smithers deacon of the Baptist church in Plant City Florida was a family man beyond reproach By night he was a sex addicted killer who trolled for prostitutes When the decomposed bodies of two women were found off a rural road in Tampa no one suspected the clergyman Then one day a local woman saw sweet Mr Smithers cleaning his bloody axe *The Bayou Strangler* Fred Rosen, 2017-10-03 The true story of Louisiana serial killer Ronald Dominique's ten year murder spree the men he slayed and the detectives who hunted him down In 1997 the bodies of young African American men began turning up in the cane fields of the quiet suburbs of New Orleans The victims many of them transient street hustlers had been brutally raped and strangled but police had no leads on

the killer's identity. The murders continued leaving southeast Louisiana's gay community rattled and authorities desperate for a break in the case. Then Detectives Dennis Thornton and Dawn Bergeron came together as task force partners indefatigable in their decade long effort to track down the killer. In 2006 DNA evidence finally linked the murders to a suspect the unassuming Ronald Joseph Dominique who had lived under the radar for years working as a pizza deliveryman and meter reader. But who was Ronald Dominique and what led him to commit such heinous crimes. With direct access to the investigation Dominique's confession and all of the killer's body dump sites in throughout the state author Fred Rosen enters the warped mind of a murderer and captures a troubled disturbing and broken life. As with the many other serial killers he has covered including Jeffrey Dahmer the Milwaukee Cannibal and Dennis Rader the BTK Killer Rosen provides a horrifying and fascinating account of the lengths to which a bloodthirsty monster will go to lure and brutalize his victims. **Blood Crimes** Fred Rosen, 2015-07-01 Two brothers turn from Jehovah's Witnesses in Allentown PA to neo Nazi murderers in this true crime investigation from the author of *Lobster Boy*. Raised as Jehovah's Witnesses and frustrated with their parents repressive rules Bryan and David Freeman rebelled as teenagers. Encouraged by an acquaintance he met while institutionalized at a reform school Bryan became a neo Nazi. Bryan then indoctrinated David and their flare for defiance took a dark turn. After callously murdering their father, mother and younger brother the skinhead brothers took flight across America with police from three states in hot pursuit. They were eventually captured in Michigan and returned to Pennsylvania for trial. During the trial author Fred Rosen uncovered evidence that one of the brothers might not have been as culpable as authorities claimed and divulged the history of a family torn apart by stringent religious beliefs. Did They Really Do It? Fred Rosen, 2015-11-17 Nine of the most controversial violent crimes in America's history are reexamined in these compelling stories of true crime. Dr Samuel Mudd set John Wilkes Booth's broken ankle but was he actually part of the larger conspiracy to assassinate President Abraham Lincoln? Did Lizzie Borden brutally murder her own parents in Massachusetts? Was admitted jihadist Zacarias Moussaoui really involved in the terrorist plot to destroy the World Trade Center on September 11, 2001? In a series of provocative and eye opening true crime investigations author Fred Rosen revisits some of the most shocking and notorious crimes in America over the past two centuries to determine once and for all did they really do it. Applying logic and techniques of modern criminology while reexamining the crime scenes, official police records and the original courtroom testimonies of witnesses and the accused, Rosen explores nine infamous crimes that rocked the nation and the verdicts that were ultimately handed down. From Ethel and Julius Rosenberg's execution for treason to the kidnapping and killing of the Lindbergh baby to the Ku Klux Klan slayings of three civil rights workers in Mississippi to 9/11 the alleged perpetrators get another day in court as Rosen calls into question the circumstantial evidence and cultural context that may have determined guilt or innocence in each case. **The Mad Chopper** Fred Rosen, 2015-07-01 The author of the true crime masterpiece *Lobster Boy* traces a brutal killer's history across two decades of slipping past the legal system. *The Guardian*

When police in Tampa Florida arrested Larry Singleton in 1997 for brutally murdering prostitute Roxanne Hayes they soon realized it wasn't the man's first violent attack. Back in 1978 he had gained notoriety as the Mad Chopper for raping and cutting off the arms of 15 year old Mary Vincent on a patch of desolate sun scorched land 5 miles off the highway near Modesto California. When Singleton was let out of prison on supervised parole after serving only 8 years for his crimes no community in California would accept him. He eventually moved back to his home in Florida where he killed Hayes nearly 20 years after his original crime. But his first victim Vincent had survived walking nearly a mile to get help after the assault and testified against him at his trial for murdering Hayes.

Gang Mom Fred Rosen, 2015-07-01 The shocking true story of Mary Thompson a Eugene Oregon anti gang activist who secretly ran her own murderous mob of teenagers including her own son Aaron Iturra was just eighteen years old when he was found dead in the bedroom of the Eugene Oregon home he shared with his mother and sister. Investigating the crime Detective Jim Michaud found evidence pointing to an unlikely suspect Mary Louise Thompson also known as Gang Mom. Once a biker chick and police informer she had become a locally famous anti gang activist. Michaud soon learned Thompson was a modern day Fagin who was running her own gang of juveniles including her own son Beau which preyed on the unsuspecting city dealing dope and burglarizing homes. When Thompson had found out Iturra planned to testify against Beau in a felony case she put out a hit on him.

Flesh Collectors Fred Rosen, 2015-07-01 The acclaimed true crime author of *Lobster Boy* chronicles the brutal acts and eventual capture of two cannibalistic killers on Florida's Gulf Coast. Jeremiah Rodgers and Jonathan Lawrence met in a Florida hospital for the criminally insane where both had been serving time for petty crimes. Upon their release they traveled to Lawrence's hometown of Milton Florida where they murdered Justin Livingston. Lawrence's mentally challenged cousin. Their deadly spree continued when they viciously raped and shot 18 year old Jennifer Robinson and then cannibalized her body. Author Fred Rosen reports on how Detective Todd Hand solved the case and brought justice to the victims families. Hand had his work cut out for him as there was no clear motive behind these heinous crimes but during questioning he caught the 2 killers in a lie about Justin Livingston's whereabouts which led to their arrests. Rodgers and Lawrence now reside on Florida's death row.

Gold! Fred Rosen, 2015-11-17 A riveting true account of gold rush fever in mid nineteenth century America rich with the thrilling exploits of daring fortune seekers and dangerous outlaws. America was never the same after January 24 1848. It was on that day that a carpenter named James Marshall discovered a tiny nugget of gold while building a sawmill at Sutter's Fort just east of Sacramento California. Marshall's find ignited a fever the nation had never known before drawing people from all over the country to the West Coast with high hopes of getting rich quick. Over the next six years three hundred thousand prospectors raced to the California gold fields to make their fortunes leaving their lands and families behind in order to chase a dream of easy wealth but all too often encountering a reality of lawlessness disease cruelty and death. A former columnist for the New York Times author Fred Rosen takes readers back to the seminal moment when the American

dream exploded Chock full of fascinating details unforgettable characters and shocking real life events the captivating true story of the California gold rush brings an era of unparalleled change to breathtaking life Rosen s enthralling history of the gold rush of 1848 demonstrates how this golden ideal was supplanted by a culture of selfishness and greed that endures in America to this very day
