the Palestinian territories India and Pakistan China and Taiwan Cuba and the US and China and the US Taken together the chapters demonstrate that exchanges have observable impacts on the individuals and institutions involved Moreover they reveal that exchanges have the capacity in some cases to affect broader social and political change at the family community society or state level but these impacts are indirect and typically require long term concerted efforts by those involved

Serving a Crucified King Jesse Steven Wheeler,2021-11-11 Serving a Crucified King speaks to a growing crisis within the contemporary church one of misplaced allegiance and misguided discipleship If Jesus Christ is who we claim him to be then we must ask ourselves Are we truly conducting our lives and constructing our communities in light of that astonishing reality But as long as the contemporary church continues to act in a manner so seemingly at odds with the mission and message of Jesus it remains in a state of emergency Albeit a serious charge solving this crisis is of the utmost importance if we are to live once again in faithful obedience to Jesus Christ as king The magnitude of the problem necessitates the establishment of a movement of kingdom citizens devoted to the cruciform reign of Christ and committed to a wholesale transformation in thinking and practice within the church To this end Serving a Crucified King is a clarion call back to the real work of being a disciple of Jesus in our society Expect to have your thinking challenged your heart moved and your action re oriented Connections: A Lectionary Commentary for Preaching and Worship Joel B. and give different weight to individual and corporate judgment. These differences are the basis of conflict. The question Christian ethics must answer then is: What does the good life look like in the context of conflict? In this new introductory text, Ellen Ott Marshall uses the inevitable reality of difference to center and organize her exploration of the system of Christian morality. What can we learn from Jesus' creative use of conflict in situations that were especially attuned to questions of power? What does the image of God look like when we are trying to recognize the divine image within those with whom we are in conflict? How can we better explore and understand the complicated work of reconciliation and justice? This innovative approach to Christian ethics will benefit a new generation of students who wish to engage the perennial questions of what constitutes a faithful Christian life and a just society.
