Master Plus 1000000

ABSOLUTE PROTECTION

Master Plus is an active fault-current limiter (FCL) with 100% protection with 100% fault current. It is a fault-current limited switch. Master Plus has a compact and protected high-voltage switch to provide the ultimate power protection for "critical-critical" applications: data processing, telecommunications, industrial processes, security and other critical systems.

BATTERY BACKUP

Master Plus technology removes the problems of over-voltage equipment power losses, while improving fault power factors and overall performance.

The FCL follows the latest equipment standards technology.

Including progressive switch ratings and the option to reduce battery charging costs.

These features make Master Plus one of the most generator compatible and environmentally friendly FCLs available.
