RISOGRAPH FOR PROCREATE

Bring the analog indie aesthetic of Risograph printing to your digital work with RetroSupply's Risograph Brush and Texture Kit, a must-have Riso brush and texture pack for Procreate — so realistic you'll smell the soy oil-based inks for days!

Each brush and texture in this pack was made from analog source material. We hit up some of our favorite Risograph printing studios and asked them to push their printers to the limits.

The final output is a collection that perfectly captures the unmistakable textures and overlay effects of analog Risograph art in your digital studio.

With a complete spectrum of wet and dry Risograph brushes, true print defects, and authentic scans — The Risograph Brush and Texture Kit is an authentic and thoughtful kit for prints, posters, zines, comics, and more.

the last three decades the process industries have grown very rapidly with corresponding increases in the quantities of
hazardous materials in process storage or transport Plants have become larger and are often situated in or close to densely
populated areas Increased hazard of loss of life or property is continually highlighted with incidents such as Flixborough
Bhopal Chernobyl Three Mile Island the Phillips 66 incident and Piper Alpha to name but a few The field of Loss Prevention is
and continues to be of supreme importance to countless companies municipalities and governments around the world
because of the trend for processing plants to become larger and often be situated in or close to densely populated areas thus
increasing the hazard of loss of life or property This book is a detailed guidebook to defending against these and many other
hazards It could without exaggeration be referred to as the bible for the process industries This is THE standard reference
work for chemical and process engineering safety professionals For years it has been the most complete collection of
information on the theory practice design elements equipment regulations and laws covering the field of process safety An
entire library of alternative books and cross referencing systems would be needed to replace or improve upon it but
everything of importance to safety professionals engineers and managers can be found in this all encompassing reference
