**Substantive Evidence of Initial Habitation in the Remote Pacific: Archaeological Discoveries at Unai Bapot in Saipan, Mariana Islands** Mike T. Carson,Hsiao-chun

Hung,2017-08-31 At the Unai Bapot Site of the Mariana Islands new excavation has clarified the oldest known instance of a residential habitation prior to 1500 B C in the Remote Pacific previously difficult to document in deeply buried layers that originally had comprised near tidal to shallow subtidal zones Learning and Reconciliation Through Indigenous Education in Oceania Pangelinan, Perry Jason Camacho,McVey, Troy,2021-12-10 The mission of higher education in the 21st century must address the reconciliation of student learning and experiences through the lens of indigenous education and frameworks Higher learning institutions throughout the oceanic countries have established frameworks for addressing indigeneity through the infusion of an indigenous perspectives curriculum The incorporation of island indigenous frameworks into their respective curriculums colleges and universities in the oceanic countries has seen positive impact results on student learning leading to the creation of authentic experiences in higher education landscapes Learning and Reconciliation Through Indigenous Education in Oceania discusses ways of promoting active student learning and unique experiences through indigenous scholarship and studies among contemporary college students It seeks to provide an understanding of the essential link between practices for incorporating island indigenous curriculum strategies for effective student learning and course designs which are aligned with frameworks that address indigeneity and that place college teachers in the role of leaders for lifelong learning through indigenous scholarship and studies in Oceania It is ideal for professors practitioners researchers scholars academicians students administrators curriculum developers and classroom designers **The 1994**

**Country Music Association Country Radio Directory** ,1994 **Applying Nonideal Theory to Bioethics** Elizabeth Victor,Laura K. Guidry-Grimes,2021-08-03 This book offers new essays exploring concepts and applications of nonideal theory in bioethics Nonideal theory refers to an analytic approach to moral and political philosophy especially in relation to

justice according to which we should not assume that there will be perfect compliance with principles that there will be favorable circumstances for just institutions and right action or that reasoners are capable of being impartial Nonideal theory takes the world as it actually is in all of its imperfections Bioethicists have called for greater attention to how nonideal theory can serve as a guide in the messy realities they face daily Although many bioethicists implicitly assume nonideal theory in their work there is the need for more explicit engagement with this theoretical outlook A nonideal approach to bioethics would start by examining the sociopolitical realities of healthcare and the embeddedness of moral actors in those realities How are bioethicists to navigate systemic injustices when completing research giving guidance for patient care and contributing to medical and public health policies When there are no good options and when moral agents are enmeshed in their sociopolitical viewpoints how should moral theorizing proceed What do bioethical issues and principles look like from the perspective of historically marginalized persons These are just a few of the questions that motivate nonideal theory within bioethics This book begins in Part I with an overview of the foundational tenets of nonideal theory what nonideal theory can offer bioethics and why it may be preferable to ideal theory in addressing moral dilemmas in the clinic and beyond In Part II authors discuss applications of nonideal theory in many areas of bioethics including reflections on environmental harms racism and minority health healthcare injustices during incarceration and detention and other vulnerabilities experienced by patients from clinical and public health perspectives The chapters within each section demonstrate the breadth in scope that nonideal theory encompasses bringing together diverse theorists and approaches into one collection

**Palaeolandscapes in Archaeology** Mike T. Carson, 2021-11-29 What can we learn about the ancient landscapes of our world and how can those lessons improve our future in the landscapes that we all inhabit Those questions are addressed in this book through a practical framework of concepts and methods combined with detailed case studies around the world The chapters explore the range of physical and social attributes that have shaped and re shaped our landscapes through time International authors contributed the latest results of investigating ancient landscapes or palaeolandscapes in diverse settings of tropical forests deserts river deltas remote islands coastal zones and continental interiors The case studies embrace a broadly accommodating approach of combining archaeological evidence with other avenues of research in earth sciences biology and social relations Individually and in concert the chapters offer new perspectives on what the world's palaeolandscapes looked like how people lived in these places and how communities have engaged with long term change in their natural and cultural environments through successive centuries and millennia The lessons are paramount for building responsible strategies and policies today and into the future noting that many of these issues from the past have gained more urgency today This book reaches across archaeology ecology geography and other studies of human environment relations that will appeal to general readers Specialists and students in these fields will find extra value in the primary datasets and in

the new ideas and perspectives Furthermore this book provides unique examples from the past toward understanding the workings of sustainable landscape systems      **Annual Report** Baltimore and Ohio Employes Relief Association,1881
