Isaac W. Oliver, 2021-03-23 This book revisits the Jewish roots of Christianity More specifically this work investigates what Luke thought about the Jewish people and the end of time in light of ancient Jewish sources It is likely that Luke's views on these questions were not too different from the Judaism of Luke's time Luke believed that Israel would experience political and national restoration when Jesus would return as the victorious messiah **Palliative Care Assessment: Spiritual**

Impact in the Lives of Patients with Cancer at Roswell Park Comprehensive Cancer Center Reninger Flores, Paul Spitale, 2022-04-08 Palliative care Assessment Impact in the Life of Patients with Cancer at Roswell Park Comprehensive Cancer Center is the result of 5 years worth of thoroughly reviewed research and evaluation Every page portrays the most important task of the chaplain which is the role of spiritual assessments Roswell Park Cancer Center is the only one of its kind in western New York and was the site for this research Chaplains cannot deliver a fair and accurate spiritual care without realizing their most important duty with patients Not doing so is not only negative but can cause great harm Sincere honest and professional chaplains need to be aware of the highest importance of this tool **The Elephant in the Room**

Sadrail Saint-Ulysse PhD MDiv, 2022-04-12 I write this book to do something that most would consider unwise as a current employee of the Seventh day Adventist Church I call or appeal for systematic change change in policies that have kept the financial support from tithe and other sources to Adventist elementary and other sources to Adventist schools at minimal Please don't think of me as a brave one who dares to go where many have not gone before I am not I speak out because we need policy changes at every level Fairness is not giving everyone the same thing but to give each person what he or she needs to succeed Many businesses are rethinking how to move forward post the pandemic We too as a church need to do the same In the Old Testament God instructed his people to pass on their faith to their children by intentionally teaching them

God's statutes and commandments Deuteronomy 6 4 8 and Isaiah 54 13 Similarly the Christian Church receives its marching orders from Jesus in the Great Commission found in Matthew 28 16 20 Jesus directs the church to make disciples of all nations by baptizing and teaching Church schools are needed to partner with parents and the church as a whole to educate children Ellen G White cofounder of the Seventh day Adventist Church who earlier encouraged the Seventh day Church to focus on foreign missions stated in addressing church schools in the book Testimonies for the Church volume 6 that the children are not to be neglected She writes We cannot call ourselves true missionaries if we neglect those at our very doors who are at the most critical age and who need our aid to secure knowledge and experience that will fit them for the service of God Her solution to financing church schools is simple Let all share the expense Enrollment in Christian elementary and secondary schools have been dropping nationwide Many families in North America especially new immigrant families are not able to afford the tuition to send their children to church schools Several church schools have closed In this book Dr Sadrail Saint Ulysse an ordained minister and educator of the Seventh day Adventist Church addresses the challenges of operating Christian schools at the elementary and secondary levels after serving for nearly twenty five years as a pastor and educator with the hope that the burden of operating church schools can be shared by the entire church local state national and worldwide to alleviate this burden The book challenges parents teachers principals school boards church members and church leaders at every level to make the needed policy changes to ensure that church schools are financed in a sustainable manner

Revelation in the Song of Songs Vola Masoandro Andrianarijaona, 2025-01-29 Song of Songs or Shir Hashirim is a very special book of the Bible for many reasons For example it is the most metaphorical opening the door to many different interpretations that do not oppose each other It is also one of the books that does not contain any of God's names at least in the most used versions of the Bible It holds quite a few Guinness Bible Records in terms of word occurrences and word first appearance In light of this Song of Songs should be fascinating but most studies of it have followed a narrow and limited path The book has often been seen as primarily a story about a woman and a man deeply in love And it certainly contains that aspect in striking detail Some parents would not dare read it aloud in front of their children Sermons based on verses from Song of Songs are almost always linked to marital relationships or something similar But is that all this book is about Certainly not In fact the Son of God used a connotation found only in Song of Songs in the last prophecy he gave on his way to Calvary The study of Song of

Songs alongside the book of Daniel and Revelation hints of prophetic aspects For example Song of Songs describes in detail the seven churches of Revelation It also alludes to the two statues of the book of Daniel And the four beasts Yes they have their allegories there as well God s laws Of course Even the sealing of God s people was not left out Country living There is no way to miss it The Great Controversy and how it ends this is perhaps the greatest message of the book

Leviticus: An Introduction and Study Guide Philip Peter Jenson,2021-07-15 In this guide Philip Peter Jenson provides an introduction to Leviticus examining its structure character and content In particular he focuses on explaining the basic concepts that inform the rituals and ethics of Leviticus This is especially the case for the pervasive and complex category of holiness along with its antithesis impurity Overall Jenson s emphasis is on the overarching coherence of the book and how it reached its present canonical form Leviticus is a difficult book for most readers describing rituals that are no longer practiced and reflecting a culture that is vastly different from that of the modern West Yet it is the central book of the first section of the Bible of both Jews and Christians and it is at the heart of the law revealed to Moses on Mount Sinai It includes the foundational texts on matters such as sacrifice or love for one s neighbour In this comprehensive introduction Jenson offers extensive analysis and concludes each chapter with reflections on the contemporary significance of the texts being discussed
