Tangible Belonging John C. Swanson, 2017-04-19 Tangible Belonging presents a compelling historical and ethnographic study of the German speakers in Hungary from the late nineteenth to the late twentieth century Through this tumultuous period in European history the Hungarian German leadership tried to

organize German speaking villagers Hungary tried to integrate and later expel them and Germany courted them The German speakers themselves however kept negotiating and renegotiating their own idiosyncratic sense of what it meant to be German John C Swanson's work looks deeply into the enduring sense of tangible belonging that characterized Germanness from the perspective of rural dwellers as well as the broader phenomenon of minority making in twentieth century Europe The chapters reveal the experiences of Hungarian Germans through the First World War and the subsequent dissolution of Austria Hungary the treatment of the German minority in the newly independent Hungarian Kingdom the rise of the racial Volksdeutsche movement and Nazi influence before and during the Second World War the immediate aftermath of the war and the expulsions the suppression of German identity in Hungary during the Cold War and the fall of Communism and reinstatement of minority rights in 1993 Throughout Swanson offers colorful oral histories from residents of the rural Swabian villages to supplement his extensive archival research As he shows the definition of being a German in Hungary varies over time and according to individual interpretation and does not delineate a single national identity What it meant to be German was continually in flux In Swanson's broader perspective defining German identity is ultimately a complex act of cognition reinforced by the tangible environment of objects activities and beings As such it endures in individual and collective mentalities despite the vicissitudes of time history language and politics

German Angst Frank Biess, 2020-09-09

German Angst analyses the relationship between fear and democracy in postwar West Germany While fear and anxiety have historically been associated with authoritarian regimes Frank Biess demonstrates the ambivalent role of these emotions in a democratizing society in West Germany fear and anxiety both undermined democracy and stabilized it By taking seriously postwar Germans uncertainties about the future this study challenges dominant linear and teleological narratives of postwar West German success highlighting the prospective function of memories of war National Socialism and the Holocaust Postwar Germans projected fears and anxieties that they derived from memories of a catastrophic past into the future Based on case studies from the 1940s to the present German Angst provides a new interpretive synthesis of the Federal Republic It tells the history of the Federal Republic as a series of cyclical crises in which specific fears and anxieties emerged served a variety of political functions and then again abated Drawing on recent interdisciplinary insights generated by the field of emotion studies Biess's study transcends the dichotomy of reason and emotion Fear and anxiety were not exclusively irrational and dysfunctional but served important roles in postwar democracy These emotions sensitized postwar Germans to the dangers of an authoritarian transformation and they also served as emotional engines of new social movements including the environmental and peace movements German Angst also provides an original analysis of the emotional basis of right wing populism in Germany today and it explores the possibilities of a democratic politics of emotion

The Present Status of German Youth Henry J. Kellermann, 1946

Youth in the Fatherless Land Andrew Donson, 2010-04 The first comprehensive history of German youth in the First World War this book investigates the dawn of the great era of mobilizing

teenagers and schoolchildren for experiments in state building and extreme political movements like fascism and communism. It investigates how German teachers could be legendary for their sarcasm and harsh methods but support the world's most vigorous school reform movement and most extensive network of youth clubs. As a result of the war mobilization, teachers, club leaders, and authors of youth literature instilled militarism and nationalism more deeply into young people than before 1914 but in a way that paradoxically relaxed discipline. In *Youth in the Fatherless Land*, Andrew Donson details how Germany had far more military youth companies than other nations as well as the world's largest Socialist youth organization which illegally agitated for peace and a proletarian revolution. Mass conscription also empowered female youth, particularly in Germany's middle class youth movement, the only one anywhere that fundamentally pitted itself against adults. Donson addresses discourses as well as practices and covers a breadth of topics including crime, work, sexuality, gender, family, politics, recreation, novels, and magazines, social class, and everyday life.

The 12th SS Panzer Division "Hitlerjugend" Adrian Dragoş Defta, 2021-06-21. This book demythologises one of the top Waffen SS units during the Second World War, the Hitlerjugend Division. In addition to bringing together new research in European historiography, it also represents an innovative scientific approach using social psychology. It provides insights into inner psychological mechanisms that facilitated moral disengagement and culminated in the division's unparalleled combat motivation and war crimes. Best known for their alleged fanaticism, Nazi indoctrination, and inclination to perpetrate atrocities, Hitlerjugend soldiers are analysed here using perspectives drawn from across sociology, anthropology, and psychology.

National Union Catalog, 1983. Includes entries for maps and atlases.

Political Parties in Western Germany, Prepared by Political Activities Branch ... Office of Military Government for Germany (US) August 1, 1949 United States Civil Affairs Division. Army Department, 1949.

Edgar Julius Jung, Right-wing Enemy of the Nazis Roshan Magub, 2017. Fills a serious gap in German historical literature by providing the first political biography of Jung, a leading figure of the anti-Nazi Right. By the time of his death, Edgar Julius Jung (1894-1934) was well known in Germany and Europe as one of the foremost ideologues of the political movement that called itself the Conservative Revolution and as a right-wing opponent of the Nazis. He was speechwriter for and confidant of Franz von Papen, first Hitler's predecessor as chancellor, then Hitler's vice-chancellor, which put him at the center of political events right up until the Nazi seizure of power. Considered by Baldur von Schirach and Goebbels to be one of the worst enemies of the Nazis, Jung was assassinated by the Nazi regime in June 1934. The eleven years of Nazi rule that followed contributed to Jung's neglect by historians, as did distaste since the war's end and the founding of the Federal Republic on democratic principles for his strongly antidemocratic stance. Although there have been several studies on Jung's political thought, there has been until now no biography in German or English. Roshan Magub's book therefore fills a serious gap in German historical literature. It shows that Jung's opposition to National Socialism dates from the earliest days and that he had a very close relationship with the Ruhr industry which supported him financially and enabled him to reach a nationwide

audience Magub uses for the first time all the available material from the archives in Munich Koblenz Cologne and Berlin and the whole of Jung's Nachlass Her book sheds new light on Jung and demonstrates his importance in Germany's political history Roshan Magub holds a PhD from Birkbeck College University of London

To Die for Germany Jay W. Baird, 1992-10-22 Traces the development of Nazi propaganda from 1914 to the cult of death created by Hitler Goebbels and others during World War II Examines the biographies of individual Nazi heroes as used by the Third Reich to sustain the deadly Nazi mythology and inspire its followers

The Death and Life of Germany Eugene Davidson, Rudolph Tessler, 1999 Of the thousands packed in trains and transported from Viseu to Auschwitz just a small group survived to see liberation Among the survivors were Tessler his father and two of his brothers This is their amazing story as Hasidic Jews caught in the chaos and terror of the Holocaust Tessler's upbringing had emphasized community and family devotion

The Pan-German League, 1890-1914 Mildred Salz Wertheimer, 1924

The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University Hoover Institution on War, Revolution, and Peace, 1969

The Kingdom of Württemberg and the Making of Germany, 1815-1871 Bodie A. Ashton, 2017-01-12 CHOICE Outstanding Academic Title 2017 This book examines the 1871 unification of Germany through the prism of one of its forgotten states the Kingdom of Württemberg It moves beyond the traditional argument for the importance of the great powers of Austria and Prussia in controlling German destiny at this time Bodie A Ashton champions the significance of Württemberg and as a result all 38 German states in the unification process noting that each had their own institutions and traditions that proved vital to the eventual shape of German unity The Kingdom of Württemberg and the Making of Germany 1815-1871 demonstrates that the state's government was dynamic and in full control of its own policy making throughout most of the 19th century with Ashton showing a keen appreciation for the state's domestic development during the period The book traces Württemberg's strong involvement in the national question and how successive governments and monarchs in the state's capital of Stuttgart manoeuvred the country so as to gain the greatest advantage It successfully argues that the shape of German unification was not inevitable and was in fact driven largely by the desires of the Mittelstaaten rather than the great powers the eventual Reichsgründung of January 1871 was merely the final step in a long series of negotiations diplomatic manoeuvres and subterfuge with Württemberg playing a vital regional role Making use of a wealth of primary sources including telegrams newspaper articles diary entries letters and government documents this is a vitally important study for all scholars and students of 19th century Germany

European Series United States. Department of State, 1946

Protest Song in East and West Germany Since the 1960s David Robb, 2007 The German protest song from the 1960s through the 1990s and how it carried forth traditions of earlier periods The modern German political song is a hybrid of high and low culture With its roots in the birth of mass culture in the 1920s it employs communicative strategies of popular song Yet its tendencies toward philosophical poetic and musical sophistication reveal intellectual aspirations This volume looks at the influence of

revolutionary artistic traditions in the lyrics and music of the Liedermacher of east and west Germany the rediscovery of the revolutionary songs of 1848 by the 1960s West German folk revival the use of the profane carnivalesque street ballad tradition by Wolf Biermann and the GDR duo Wenzel Mensching the influence of 1920s artistic experimentation on Liedermacher such as Konstantin Wecker and the legacy of Hanns Eisler's revolutionary song theory The book also provides an insider perspective on the countercultural scenes of the two Germanys examining the conditions in which political songs were written and performed In view of the decline of the political song form since the fall of communism the book ends with a look at German avant garde techno's attempt to create a music that challenges conventional cultural perceptions and attitudes Contributors David Robb Eckard Holler Annette Blödhorn Peter Thompson David Robb is Senior Lecturer in German Studies at the Queen's University of Belfast

When somebody should go to the book stores, search inauguration by shop, shelf by shelf, it is really problematic. This is why we provide the ebook compilations in this website. It will very ease you to see guide **Schwaumlische Jugend German Edition** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly.
