

> Workbook answers

Unit 1 Photosynthesis and the carbon cycle

Topic 1.1 Photosynthesis

Exercise 1.1A How light level affects photosynthesis

1 The type of plant; the mass of the plant; the temperature

Apparatus	Amount of light	Volume of gas collected in cm ³
A	high	18.5
B	low	7.2
C	none	0.5

3 Plants photosynthesise faster when they have more light.

Exercise 1.1B The effect of different colours of light on the rate of photosynthesis

- The colour of the light / cellophane.
- The number of bubbles produced in one minute.
- Any three from: the light intensity (strength); the type of water the water plant was in; the quantity of water plant; the type of water plant; the temperature.
- For example:

Colour of light	Number of bubbles per minute			
	1st try	2nd try	3rd try	mean
white	11	13	12	12
red	10	12	11	11
green	4	5	6	5
blue	8	12	10	10

5

8

Accept any valid conclusion that can be made from these results, for example: plants photosynthesise fastest in white light; photosynthesis happens faster in blue light than in green light.

Exercise 1.1C Turning an idea into a hypothesis that can be tested

1 Accept any answer that:

- is in the form of a clearly phrased hypothesis
- relates to the effect of carbon dioxide on the rate of photosynthesis of an aquatic plant
- can be tested by experiment.

For example, a possible hypothesis could be: Water plants give off more bubbles per minute when they are given more carbon dioxide.

2 Look for:

- a clear statement of the independent variable and dependent variable
- at least two other variables that will be controlled
- a clearly explained method, with enough detail that someone else could follow it, including a labelled diagram of the apparatus
- a clear description of how the independent variable will be changed
- a clear description of how and when results will be collected
- a results chart, with headings and units (but no results)
- a prediction based on scientific understanding.

Science 9 Workbook Pages

Science 9 Workbook Pages:

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Science 9 Workbook Pages**

In a world inundated with screens and the cacophony of immediate communication, the profound power and mental resonance of verbal art usually disappear into obscurity, eclipsed by the continuous assault of sound and distractions. Yet, situated within the lyrical pages of **Science 9 Workbook Pages**, a interesting work of fictional brilliance that pulses with organic thoughts, lies an memorable journey waiting to be embarked upon. Penned by a virtuoso wordsmith, that interesting opus manuals readers on an emotional odyssey, delicately exposing the latent potential and profound affect stuck within the complicated internet of language. Within the heart-wrenching expanse with this evocative evaluation, we shall embark upon an introspective exploration of the book is main themes, dissect its interesting writing design, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
