Systems and Targeted Interventions for Student Success in Online Courses Glick, Danny, Cohen, Anat, Chang, Chi, 2020-06-26 Online learning has increasingly been viewed as a possible way to remove barriers associated with traditional face to face teaching such as overcrowded classrooms and shortage of certified teachers While online learning has been recognized as a possible approach to deliver more desirable learning outcomes close to half of online students drop out as a result of student related course related and out of school related factors e g poor self regulation ineffective teacher student student student and platform student interactions low household income Many educators have expressed concern over students who unexpectedly begin to struggle and appear to fall off track without apparent reason A well implemented early warning system therefore can help educators identify students at risk of dropping out and assign and monitor interventions to keep them on track for graduation Despite the popularity of early warning systems research on their design and implementation is sparse Early Warning Systems and Targeted Interventions for Student Success in Online Courses is a cutting edge research publication that examines current theoretical frameworks research projects and empirical studies related to the design implementation and evaluation of early warning systems and targeted interventions and discusses their implications for policy and practice Moreover this book will review common challenges of early warning systems and dashboard design and will explore design principles and data visualization tools to make data more understandable and therefore more actionable Highlighting a range of topics such as curriculum design game based learning and learning support it is ideal for academicians policymakers administrators researchers education professionals instructional designers data analysts and students

2025-26 UKPSC/UPPSC AE/JE Mechanical Engineering Solved Papers YCT Expert Team , 2025 26 UKPSC UPPSC AE JE Mechanical Engineering Solved Papers 1040 1595 E This book contains 80 sets of previous year solved papers with details explanation **Federal Register** ,2012-11 *ECEL2013- Proceedings for the 12th*

European Conference on eLearning Dr Mélanie Ciussi, Dr Marc Augier, 2013-01-09 **Education, Travel and the 'Civilisation' of the Victorian Working Classes** Michele M. Strong, 2014-01-23 Examining four major institutions Michele Strong considers the experiences of working men and women particularly artisans but also young apprentices and clerks who travelled abroad as participants in an educational reform movement spearheaded by middle class liberals *Average Treatment Effect Bounds with an Instrumental Variable: Theory and Practice* Carlos A. Flores, Xuan Chen, 2018-09-29 This book reviews recent approaches for partial identification of average treatment effects with instrumental variables in the program evaluation literature including Manski's bounds bounds based on threshold crossing models and bounds based on

the Local Average Treatment Effect LATE framework It compares these bounds across different sets of assumptions surveys relevant methods to assess the validity of these assumptions and discusses estimation and inference methods for the bounds The book also reviews some empirical applications employing bounds in the program evaluation literature It aims to bridge the gap between the econometric theory on which the different bounds are based and their empirical application to program evaluation *Experiencing Food, Designing Dialogues* Ricardo Bonacho, Alcinda de Sousa, Cláudia Viegas, João

Martins, Maria Pires, Sara Estêvão, 2018-08-06 FOOD and interdisciplinary research are the central focus of the 1st International Conference on Food Design and Food Studies *Experiencing Food Designing Dialogues* reflecting upon approaches evidencing how interdisciplinarity is not limited to the design of objects or services but seeks awareness towards new lifestyles and innovative ways of dealing with food This book encompasses a wide range of perspectives on the state of the art and research in the fields of Food and Design making a significant contribution to further development of these fields Accordingly it covers a broad variety of topics from Designing for with Food Educating People on Food Experiencing Food and other Food for Thought *Sessional Papers* Great Britain. Parliament. House of Commons, 1910 **Advances in**

Graphic Communication, Printing and Packaging Pengfei Zhao, Yun Ouyang, Min Xu, Li Yang, Yuhui Ren, 2019-03-29 This book includes a selection of reviewed papers presented at the 9th China Academic Conference on Printing and Packaging which was held in November 2018 in Shandong China The conference was jointly organized by the China Academy of Printing Technology and Qilu University of Technology Shandong Academy of Sciences With 8 keynote talks and over 200 presented papers on graphic communication and packaging technologies the conference attracted more than 300 scientists The proceedings cover the recent findings in color science and technology image processing technology digital media technology mechanical engineering and numerical control materials and detection digital process management technology in printing and packaging and other technologies As such the book is of interest to university researchers R D engineers and graduate students in the field of graphic arts packaging color science image science material science computer science digital media and network technology **New and Old Routes of Portuguese Emigration** Cláudia Pereira, Joana

Azevedo, 2019-06-17 This open access book offers a comparative overview on Portuguese emigration in Europe and outside the EU in times of recession It looks at Portuguese emigrants who after the crisis of 2008 moved both intra EU such as UK France Switzerland Germany and Spain but also into countries with historical links such as the USA and Canada and to Portuguese speaking countries such as Brazil Angola and Mozambique as well as the processes of return In addition to the dynamics of movement the book provides an in depth analysis of the heterogeneity of this emigration It deepens the multifaceted identities concerning social and professional pathways among highly skilled and less skilled emigrants The labour market continues to be the main regulatory force of Portuguese emigration which helps to explain the outflow and the processes of settlement and return Nonetheless this book demonstrates that non economic factors have likewise been of

great importance in the decision to emigrate As such this book will be a valuable read to policy makers students and scholars in migration

Fictive questions in the Zhuangzi Mingjian Xiang,2023-05-15 Rhetoric is intimately related to interaction and cognition This book explores the cognitive underpinnings of rhetoric by presenting a case study of the rhetorical use of interactional structures namely expository questions and rhetorical questions in the classical Chinese tradition Such questions are generally meant to evoke silent answers in the addressee's mind thereby involving a fictive type of interaction The book analyzes fictive questions as intersubjective mixed viewpoint constructions involving a viewpoint blend of the perspectives of the writer the assumed prospective readers and possibly also that of the discourse characters The analysis further shows that in addition to attention other late developing human capacities such as mental simulation and perspective taking also have a pivotal role to play in rhetoric on the basis of which a simulation based rhetorical model of persuasion is proposed to account for meaning construction in rhetorical practices The book will influence our understanding of rhetorical practices outside the Western tradition but within the framework of cognitive semantics

Promoting Service Leadership Qualities in University Students Daniel T.L. Shek,Po Chung,2015-08-20 This book outlines the development of service leadership curricula programs and materials designed for university students in Hong Kong In addition it includes evaluation studies and specific service leadership programs making it a pioneering book that integrates service leadership and student wellbeing for Chinese university students In view of the transformation of industries resulting in shifts from manufacturing economies to service economies the book takes a holistic approach to leadership development focusing on three basic components of effective service leadership that are closely related to student wellbeing leadership competencies such as emotional intelligence and resilience moral character and a caring disposition This approach represents a move away from literature that emphasizes the elite leadership model assuming that leadership is the privilege of a talented few By extension it argues that the promotion of service leadership qualities is a good strategy for promoting student wellness The individual chapters are extended versions of papers presented at the International Conference on Service Leadership Education for University Students Experience in Hong Kong which was held in May 2014 The book offers a valuable contribution to Chinese and global academic literature on service leadership and will benefit researchers and educators alike

International Handbook of Early Childhood Education Marilyn Fleer,Bert van Oers,2017-10-10 This international handbook gives a comprehensive overview of findings from longstanding and contemporary research theory and practices in early childhood education in the Northern and Southern hemispheres The
