wished for information that wasn't available like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce, or yogurt, we adapted recipes to make our own. Other times we experimented with substituting ingredients; maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of make-it-yourself options. As we traded recipes and knowledge with each other, we realized we were compiling information that became *The Boat Galley Cookbook*: 800 recipes made from readily obtainable ingredients with hand utensils, including numerous choices to suit every taste, not just one cake but 20, 16 ways to prepare fish, 10 regional barbecue sauces, and so on. Step-by-step directions to give even non-cooks the confidence they can turn out tasty meals without prepared foods. Detailed instructions on unfamiliar things like making yogurt and bread, grilling virtually every food imaginable, preparing and cooking freshly caught fish and seafood, cutting up and boning meat, cooking in a Thermos, and baking on the stove top, as well as lots of tips on how to do things more easily in a tiny moving kitchen. All this in an easy-to-navigate format including side tabs on the Contents to help you find your way and extensive cross-reference lists at the end of each chapter. Quick Reference Lists provide idea starters, suggestions of included recipes for such categories as Mexican, Asian, and Potluck. *The Boat Galley Cookbook* is designed to help you every step of the way. We hope it becomes a trusted reference on your boat and a source of many enjoyable meals.
