Reconciliation, Justice, and Peace Agbonkhianmeghe Orobator, 2015-02-19 This title addresses the theme of the Second African Synod Reconciliation Justice and Peace in the wider context of globalization inculturation post modernity and pertinent socio economic and political factors that shape the contemporary church and society in Africa *Reconciliation, Justice, and Peace* Agbonkhianmeghe E. Orobator, 2011 This title addresses the theme of the Second African Synod Reconciliation Justice and Peace in the wider context of globalization inculturation post modernity and pertinent socio economic and political factors that shape the contemporary church and society in Africa *The Church in Service to Reconciliation, Justice and Peace* John Horace Enemugwem, Paul L. Kalanda, Peter Henriot, Dominic Liche, 2008 *The Church in Service to Reconciliation, Justice and Peace* John Horace Enemugwem, Paul L. Theologies from the Global South Mitri Raheb, Mark A. Lamport, 2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue *Christian Healing* , **Fragile World** William T. Cavanaugh, 2018-05-22 In *Fragile World Ecology*

and the Church scholars and activists from Christian communities as far flung as Honduras the Philippines Colombia and Kenya present a global angle on the global ecological crisis in both its material and spiritual senses and offer Catholic resources for responding to it This volume explores the deep interconnections for better and for worse between the global North and the global South and analyzes the relationship among the physical environment human society culture theology and economics the integral ecology described by Pope Francis in *Laudato Si* Integral ecology demands that we think deeply about humans and the physical environment but also about the God who both created the world and sustains it in being At its root the ecological crisis is a theological crisis not only in the way that humans regard creation and their place in it but in the way that humans think about God For Pope Francis in *Laudato Si* the root of the crisis is that we humans have tried to put

ourselves in God's place According to Pope Francis therefore A fragile world entrusted by God to human care challenges us to devise intelligent ways of directing developing and limiting our power **Just Sustainability** Christiana Peppard, Andrea Vincini ,2015-03-01 The Post-Conciliar Church in Africa Laurenti Magesa,2018-06-04 The Second Vatican Council Vatican II 1962-65 was distinctly different from other councils in one significant aspect In all the areas it discussed this council did not see itself as the end of a process but rather as a beginning It opened not closed doors whether doctrinal or disciplinary for ongoing reflection for possibilities of ever improving knowledge and understanding Laurenti Magesa offers this book as a stimulus for African Catholic Christians to continue digging deeper into and benefiting from the spiritual treasures that the Council still contains For the theologian or historian of Vatican II some of the information may be quite familiar but all of it is important if one is to grasp the scope meaning and implications of the Council for the Church and people of Africa
