a special meeting was held with twenty four leading scientists at the National Institutes of Health to discuss early findings that a newly discovered retrovirus was linked to chronic fatigue syndrome CFS prostate cancer lymphoma and eventually neurodevelopmental disorders in children When Dr Judy Mikovits finished her presentation the room was silent for a moment then one of the scientists said Oh my God The resulting investigation would be like no other in science For Dr Mikovits a twenty year veteran of the National Cancer Institute this was the midpoint of a five year journey that would start with the founding of the Whittemore Peterson Institute for Neuro Immune Disease at the University of Nevada Reno and end with her as a witness for the federal government against her former employer Harvey Whittemore for illegal campaign contributions to Senate Majority Leader Harry Reid On this journey Dr Mikovits would face the scientific prejudices against CFS wander into the minefield that is autism and through it all struggle to maintain her faith in God and the profession to which she had dedicated her life This is a story for anybody interested in the peril and promise of science at the very highest levels in our country **Northern Lights** Donald E. Abelson,2016-11-01 Think tanks are often thought of as a uniquely US phenomenon

Although the largest concentration of think tanks is in the United States they can be found in virtually every country Often overlooked Canada s think tanks represent a highly diverse and eclectic group of public policy organizations such as the Canadian Centre for Policy Alternatives the C D Howe Institute the Fraser Institute and the Mowat Centre among others In

Northern Lights Donald Abelson explores the rise of think tanks in Canada and addresses many of the most commonly asked questions about how and under what circumstances they are able to affect public opinion and public policy He identifies the ways in which Canadian think tanks often prioritize political advocacy over policy research and seeks to explain why these organizations are well suited and equipped to shape the discourse around key policy issues The first comprehensive examination of think tanks in Canada Northern Lights is both a primer for those looking to understand the role and function of think tanks in the policy making process and a guide to the leading policy institutes in the country
