

SOUTH AFRICAN MILITARY HEALTH SERVICES

BACKGROUND

The Department of Defence is proud to offer this opportunity to the South African youth with the main purposes of promoting and enhancing the concept of Nation building. We are also serving National interest by encouraging our youth to develop a common South African identity through exposure to military norms and customs. The emphasis will mainly be on discipline development, empowerment and global competitiveness. The SA Military Health Services is offering young South African citizens an excellent opportunity to serve in uniform over a 2 year period. These training and development opportunities will be constituted by means of a voluntary Military Skills Development System (MSDS) period of two years in order to equip young South Africans with market related skills.

GENERAL TRAINING

Potential Applicants may apply for the following two year training opportunities:

- **Animal Health General Training (Dog handlers and Veterinary Orderlies)** – Animal Health perform basic animal care, their primary duties include assisting with surgical procedures, dressing wounds and collecting specimens. The SAMHS is also responsible for the training of the SANDF Dog Handlers and recruits can be trained in this field. Graduates, Learners that completed Grade 12 or learners still busy with Grade 12 may apply.
- **Chemical Biological Radiation Defence (CBRD)** – This mustering involves activities and actions to defend against Chemical Biological Radiation weapons. This includes protection, detection and decontamination.
- **Physical Training Instructors (PTSI)** – This mustering is responsible for maintaining the fitness levels required for all uniform members. PTSI training takes place at the Joint Physical Training Sport and Recreation School in Pretoria. The duration of this learning opportunity is approximately 3 months. Applicants must be proficient in English.
- **Patient Administration** – This mustering is responsible for the administration of patients including reception personnel, account administration, maintenance of patient files and capturing of patient records electronically. Computer literacy, good communication and interpersonal skills are essential.

STUDY OPPORTUNITIES

Subsequent to the reporting of successful Applicants for military training, recruits can then be considered for the under mentioned developmental opportunities and tertiary training and will be selected for the said opportunities during the two year Military Skills Development System (MSDS) training. PLEASE NOTE that training in any of these fields cannot be guaranteed and will be subject to availability and further selection criteria.

- **PHARMACY ASSISTANT** – The pharmacy assistant training program is designed to provide broad knowledge of pharmacy practice with the aim of assisting in the performance of daily repetitive tasks and provide support to the pharmacist in the practice of a pharmacy. Applicants who wish to join this mustering need Grade 12 certificate or learners still busy with Grade 12 with English Level 4, Mathematics Level 4, Life Science Level 4 and Physical Science Level 4 as compulsory subjects.
- **MBCHB** – The degree qualifies successful students to be medical doctors. Subsequent to successful completion of the degree, Medical Doctors are employed mainly in Military Hospitals, Sickbays and Clinics that may include facilities in rural areas. Applicants must also note that the SAMHS deploy medical doctors for support to military operational deployments including peacekeeping in Africa. Applicants will need a Grade 12 certificate or learners still busy with Grade 12 with university exemption, English Level 6, Mathematics Level 6, Physical Science Level 6 and Life Science Level 6 as compulsory subjects, and a minimum APS of 38.
- **4 YEAR NURSING DIPLOMA** – Nursing is a healthcare profession focused on the care of individuals, families and communities so they may attain, maintain or recover optimal health and quality of life from conception to death. Applicants will need a Grade 12 certificate or learners still busy with Grade 12 with university exemption, English Level 4, Mathematics Level 4, and Life Science Level 4 as compulsory subjects, and a minimum APS of 24.
- **VETERINARY SCIENCE (VETERINARY SURGEON)** – The degree qualifies successful students to be Veterinary Surgeons. Applicants will need a Grade 12 certificate or learners still busy with Grade 12 with university exemption, English Level 6, Mathematics Level 6, Physical Science Level 6 and Life Science Level 6 as compulsory subjects, and a minimum APS of 36.

1. Copy of ID
2. Copy of Gr 12 Certificate
3. A Short CV
4. Copy of highest achieved qualification (eg Degree or National diploma)

Sa Military Health Services Application Forma For 2016

A Gutmann

Sa Military Health Services Application Forma For 2016:

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged. HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world.

Military Construction, Veterans Affairs, and Related Agencies Appropriations for 2017 United States Congress. House. Committee on Appropriations. Subcommittee on Military Construction, Veterans Affairs, and Related Agencies, 2016

Annual Report Armaments Corporation of South Africa Ltd, 2016

American Military Life in the 21st Century Eugenia L. Weiss, Carl Andrew Castro, 2018-11-16 A comprehensive guide to the lives and experiences of military service members, veterans and their families in the United States today, with special emphasis given to those of the post 9/11 era. This reference work provides detailed information on the issues U.S. service members face both stateside and during deployments overseas. Issues covered include relations with family, substance use, housing, educational and job training opportunities, post-traumatic stress disorder and other health issues, and experiences of women, sexual minorities and ethnic/racial minorities in the armed services. This set also examines major issues related to military service for people close to the men and women who serve our country, such as spouses or partners, children and parents grappling with such issues as single parenthood during deployment and bereavement at the loss of a loved one. Finally, this set is a valuable resource for people seeking a greater understanding of the issues that confront some military service members and veterans from chronic health problems to economic vulnerability to suicide to incarceration. The two volumes are written in a comprehensive yet succinct and accessible style by experts familiar with the latest trends and findings.

Occupational Health and the Service Member Timothy M. Mallon, 2019-04-03 This book will relate the history of occupational health efforts in each of the military services and describe the current programs, including discussion of the occurrence and prevention of occupational threats to service members and civilians from the environment and military equipment. Individual chapters will focus on medical evaluations

workers compensation surveillance ergonomics hearing protection radiation specific hazardous substances and particular environments such as aerospace and underseas It is a revised updated and expanded version of the occupational health Textbook of Military Medicine published in 1993 *The Oxford Handbook of Clinical Child and Adolescent Psychology* Thomas H. Ollendick, Susan Williams White, Bradley A. White, 2019 International in scope and with contributions from the field's most eminent scientists and practitioners The Oxford Handbook of Clinical Child and Adolescent Psychology is a state of the science volume providing comprehensive coverage of the psychological problems and disorders of childhood

Breaking the Binaries in Security Studies Ayelet Harel-Shalev, Shir Daphna-Tekoah, 2019-12-02 Several months after a 2014 operation in the Gaza Strip fifty three Israeli Defense Forces combatants and combat support soldiers were awarded military decorations for exhibiting extraordinary bravery From a gendered perspective the most noteworthy aspect of these awards was not the fact that only 4 of the 53 recipients were women but rather the fact that the men were uniformly praised for being brave being heroes actively performing acts of bravery protecting and preventing terror attacks while the women were repeatedly commended for not panicking This pattern is not unique to the Israeli case but rather reflects the patriarchal norms that still prevail in military institutions worldwide One might expect that now that women serve on the battlefield as combatants some of the gendered norms informing militaries would have long disappeared As it stands women in the military still face a double battle against the patriarchal institution as well as against the military's purported enemies Drawing on interviews with 100 women military veterans about their experiences in combat this book asks what insights are gained when we take women's experiences in war as our starting point instead of treating them as add-ons to more fundamental or mainstream levels of analysis and what importance these experiences hold for an analysis of violence and for security studies Importantly the authors introduce a theoretical framework in critical security studies for understanding vis vis binary deconstructions of the terms used in these fields the integration of women soldiers into combat and combat support roles as well as the challenges they face While the book focuses on women in the Israeli Defence Forces the book provides different perspectives about why it is important to explore women in combat what their experiences teach us and how to consider soldiers and veterans both as citizens and as violent state actors an issue with which scholars are often reluctant to engage Breaking the Binaries in Security Studies raises methodological considerations about ways of evaluating power relations in conflict situations and patriarchal structures *Psychiatric & Mental Health Nursing for Canadian Practice* Wendy Austin, Cindy Ann Peternej-Taylor, Diane Kunyk, Mary Ann Boyd, 2022-07-06 Thoroughly written extensively updated and optimized for today's evolving Canadian healthcare environment Psychiatric Mental Health Nursing for Canadian Practice 5th Edition equips students with the fundamental knowledge and skills to effectively care for diverse populations in mental health nursing practice This proven approachable text instills a generalist level mastery of mental health promotion assessment and interventions in adults families children adolescents and older adults delivering Canadian students the

preparation they need to excel on the NCLEX exam and make a confident transition to clinical practice

Resourcing the National Defense Strategy United States. Congress. House. Committee on Armed Services, 2010

Biopolitics, Necropolitics, Cosmopolitics C.L. Quinan, Kathrin Thiele, 2021-03-25

The concepts of biopolitics and necropolitics have increasingly gained scholarly attention particularly in light of today's urgent and troubling issues that mark some lives as more or less worthy than others including the migration crisis rise of populism on a global scale homonationalist practices and state sanctioned targeting of gender sexual racial and ethnic others This book aims to nuance this conversation by emphasising feminist and queer investments and interventions and by adding the analytical lens of cosmopolitics to ongoing debates around life living and death dying in the current political climate In this way we move forward toward envisioning feminist and queer futures that rethink categories such as human and subjectivity based on classical modern premises Informed by feminist queer studies postcolonial theory cultural analysis and critical posthumanism Biopolitics Necropolitics Cosmopolitics engages with longstanding questions of biopolitics and necropolitics in an era of neoliberalism and late capitalism but does so by urging for a more inclusive and less violent cosmopolitical framework Taking account of these global dynamics that are shaped by asymmetrical power relations this fruitful posthumanist and post decolonial approach allows for visions of transformation of the matrix of inclusion/exclusion into feminist queer futures that work towards planetary social justice This book is a significant new contribution to feminist and queer philosophy and politics and will be of interest to academics researchers and advanced students of gender studies postcolonial studies sociology philosophy politics and law The chapters in this book were originally published as a special issue of the Journal of Gender Studies
