before the off road and competition world recognized their durability and performance Consequently within a short period of time Sachs engines were in use by a large number of other motorcycle manufacturers Perhaps the most prominent USA manufacturer being Penton Motorcycles who produced their first competition Sachs powered models in 1968 Floyd Clymer quickly realized that there was a need for service and repair information for these engines and he set about preparation of an appropriate manual in early 1969 **Popular Science Monthly** ,1947 *The Billboard* ,1926 **Joyce in the Belly of the Big Truck; Workbook** Joyce A.
