Page,2012-11-16 How to enhance well being by reconnecting to sacred womanhood Shares ways to embody the power wisdom and compassion of the Great Mother Reveals a woman s purpose is to give birth not only to new life but also to new levels of consciousness Shows how female illnesses represent a disconnection from our true identity as women Four thousand years ago women were seen as living representatives of the Great Mother whose cyclical and potent energy gave birth to all existence Today this sacred awareness has been lost or distorted causing a collective amnesia among women around the world However there is one symbol of the Great Mother s loving presence that has remained unchanged for tens of thousands of years the physical body Its curves sensuality softness and monthly flow are constant reminders of this deep loving connection When illness appears especially within the breasts and fertility organs a woman is being reminded to return to her pure and sacred identity where death and birth are essential for growth and love flows without expectations Combining more than 30 years experience in health care with in depth research into the history and mythology of the divine feminine Christine R Page M D reveals that women are the foundation of the birth of new levels of consciousness without which the evolution of humanity will become barren and dry Yet such birth can occur only when women have the courage to reject the beliefs and images of the feminine imposed upon them four thousand years ago and reclaim their true identity Through a fascinating journey into the body Dr Page shows the importance of self love and self respect and explains how sex is a natural process of unification where women take the lead similar to the ancient sacred priestesses Dr Page reminds women to reconnect to the potent and creative energy of Mother Earth which gives power to the intuitive voice of the heart and nurtures new seeds of inspiration and enlightenment through the womb *Sacred Woman* Queen Afua,2012-06-20 The twentieth anniversary edition of a transformative blueprint for ancestral healing featuring new

Woman Holistic Healing Katie White,2023-09-21 We live in a world where no one truly knows what it means to be a woman For centuries we've had to fight for our rights and our place in society We constantly have to strive to be respected and recognized for our successes and abilities As we grow up many women are shamed for whatever they do They are told to lose weight to look more flattering gain weight to look more feminine become smarter to earn a place in society play dumb because males feel threatened and the list goes on Many of us feel like we always have to tweak our appearance or behavior to become more likable and appealing The worst part is that no one seems to realize or accept that we would still be called out no matter what we do Feminine in our society is often perceived as less We allow everyone's expectations perceptions and behavior to tear right through us Though that's because no one realizes the power that comes with being a woman A magnificent force lies inside every woman known as the Divine Feminine or the Sacred Feminine This force is a representation of the connection we have with the mother goddess It is an inner power that calls us to the mother goddess and breathes life into us Sacred Woman, Sacred Dance Iris J. Stewart,2000-08-01 Shows how dance the highest

expression of spirituality in cultures and traditions all over the world is being integrated into the lives of women today The first book to explore women s spiritual expression women s ways through a study of dance Investigates how dance came to be excluded from worship and reveals how dance is once again being brought into spiritual practices Includes resources for further instruction in sacred dance Today we primarily think of dance as a form of entertainment or as a way to exercise or socialize There was a time however when dance was considered the way to commune with the divine a part of life s journey celebrating the seasons and rhythms of the year and the rhythms of our lives Dance is a language that reunites the body mind and soul While the role of women s sacred dance was most valued in goddess worshipping cultures where women served as priestesses and healers dance was once an integral part of religious ritual and ceremonial expression in cultures all over the world including Judaism and Christianity In this book the author investigates how dance came to be excluded from worship and reveals how dance is once again being integrated into spiritual practices Sacred Woman Sacred Dance is the first book to explore women s spiritual expression women s ways through a study of dance It describes sacred circles birth rituals ecstatic dances and dances of loss and grief in groups and individually that allow women to integrate the movements of faith healing and power into their daily life
