Geographic Information Wolfgang Kresse,David M. Danko,2011-10-31 Computer science provides a powerful tool that was virtually unknown three generations ago Some of the classical fields of knowledge are geodesy surveying cartography and geography Electronics have revolutionized geodetic methods Cartography has faced the dominance of the computer that results in simplified cartographic products All three fields make use of basic components such as the Internet and databases

The Springer Handbook of Geographic Information is organized in three parts Basics Geographic Information and Applications Some parts of the basics belong to the larger field of computer science However the reader gets a comprehensive view on geographic information because the topics selected from computer science have a close relation to geographic information The Springer Handbook of Geographic Information is written for scientists at universities and industry as well as advanced and PhD students

Handbook of State Aid for Film Paul Clemens Murschetz,Roland Teichmann,Matthias Karmasin,2018-04-01 This book is an analysis of the specificities of public film funding on an international scale It shows how public funding schemes add value to film making and other audio visual productions and provides a comprehensive analysis of today s global challenges in the film industry such as industry change digital transformation and shifting audience tastes Based on insights from fields such as cultural economics media economics media management and media governance studies the authors illustrate how public spending shapes the financial fitness of national and international film industries This highly informative book will help both scholars and practitioners in the film industry to understand the complexity of issues and the requirements necessary to preserve the social benefits of film as an important cultural good
