Minchin, John A. Salmond, 2011-02-14 Martin Luther King's 1965 address from Montgomery Alabama the center of much racial conflict at the time and the location of the well publicized bus boycott a decade earlier is often considered by historians to be the culmination of the civil rights era in American history In his momentous speech King declared that segregation was on its deathbed and that the movement had already achieved significant milestones Although the civil rights movement had won many battles in the struggle for racial equality by the mid 1960s including legislation to guarantee black voting rights and to desegregate public accommodations the fight to implement the new laws was just starting In reality King's speech in Montgomery represented a new beginning rather than a conclusion to the movement a fact that King acknowledged in the address After the Dream Black and White Southerners since 1965 begins where many histories of the civil rights movement end with King's triumphant march from the iconic battleground of Selma to Montgomery Timothy J Minchin and John Salmond focus on events in the South following the passage of the 1964 Civil Rights Act and the 1965 Voting Rights Act After the Dream examines the social economic and political implications of these laws in the decades following their passage

discussing the empowerment of black southerners white resistance accommodation and acceptance and the nation's political will The book also provides a fascinating history of the often overlooked period of race relations during the presidential administrations of Ford Carter Reagan and both George H W and George W Bush Ending with the election of President Barack Obama this study will influence contemporary historiography on the civil rights movement
