

Of Mice & Men Chapter Questions

DIRECTIONS: Answer the following questions in COMPLETE sentences. Use support from the novel when necessary (page #s are fine).

Chapter 4

1) What does Crook's room and the things in it tell you about his character?

- Small
- Separate from the other men
- Spends a lot of time in the room
- Reads books (literate which was unusual for this time period)
- Straw bed—shows that he is treated differently than the other men
- Poor condition
- Collects items that he feels are of value

He has a lot of books shows that he is lonely and that he is literate. Not normal for black man. Bed is made out of hay shows that he is treated poorly. He is very protective of his items. He has medicine for his bad back.

2) What does Crooks say to Lennie about loneliness?

- Can make you crazy or sick
- When people come into the barn (work); horseshoes

Says that loneliness will make you go crazy and make you sick. **Loneliness can happen at any time.**

3) Why would Crooks react so negatively to Lennie, then let him in anyway?

Crooks reacts negatively because he is mad that Lennie can just walk into his room. He lets him because he is lonely and he knows Lennie will not judge him.

4) Why does Crooks torture and taunt Lennie about George?

Wants Lennie to feel bad about himself. He wants Lennie to know how it feels to be lonely. He is jealous of George and Lennie.

5) Why is Crooks called "Crooks"? How does this reflect his personality?

He has a broken back. He has a very messed up view on life. **HAS A CROOKED VIEW ON LIFE!!!!**

Successful Enquiry Answering Every Time, 7th edition Tim Buckley Owen, 2017-04-11 *Successful Enquiry Answering Every Time* is designed to guide information professionals through all the stages of research from finding out what the enquirer really wants to providing a polished value added answer When people want to satisfy their immediate curiosity they are much more likely to use a search engine on their mobile device than ask their local library But while the days of personal intervention in this kind of enquiry are inevitably numbered the professional skills that underpin them are not This book uses technology as the enabler of the thought processes that information professionals need to engage in when answering enquiries and makes the case that new technology far from making them irrelevant raises the skill stakes for all Now in its 7th edition this book is fully updated to cover new skills such as employing critical thinking to manipulate categorise and prioritise raw search results using strategic reading and abstracting techniques to identify and summarise the essential information the enquirer needs from the retrieved documents drawing on established story telling practice to present research results effectively whether orally or in writing working to the POWER model plan organise write edit review This book is ideal for anyone who has to answer enquiries from users in any information role those working in contact centres who are dealing with information enquiries processing transactions or trouble shooting technical issues and information professionals working on enquiry desks in large or small academic public school or special libraries

Of Mice, Models, and Men Andrew N. Rowan, 1984-06-30 Too much emotion and insufficient fact This paradox has long characterized the controversy surrounding animal research *Of Mice Models and Men* is the first exhaustive treatment of all areas empirical and conceptual relevant to the use of animals in research It is also the first study to combine regard for the welfare of laboratory animals with a knowledgeable acceptance of the continuing need for research involving animals The book has another rare quality It is virtually devoid of any of the emotional and exaggerated attacks that have characterized many of the other publications in this area Instead it presents in a manner accessible to both sides all the relevant historical social and scientific information required to form an opinion on the subject The book thus achieves a most difficult goal that of bridging the gap between researchers using animals and animal welfare advocates while pointing out the need for a more active program to promote laboratory animal welfare
