R P T Davenport Hines :

The Pursuit of Oblivion Richard Peter Treadwell Davenport-Hines, 2004 The first ever comprehensive single volume history of narcotics and illicit stimulants **Auden** Richard Davenport-Hines, 1999-06-15 A masterful biography of one of the greatest English poets and most compelling literary figures of the 20th century Auden is the first to take the full measure of the poet's achievements his insatiable thirst for experience his navigation between the needs of discipline and the lure of his addictions and lusts of photos *Auden* Richard Peter Treadwell Davenport-Hines, 1995 W H Auden was the greatest English poet of the twentieth century As witness to many of the century's pivotal moments Berlin in the 1920s Spain and China in the 1930s wartime and postwar America and because of his consuming quest to translate the social political and cultural upheavals into poetry his importance at century's end is undeniable It is Richard Davenport Hines achievement in this biography the first in fifteen years to make clear the extent of Auden's achievement as a poet a librettist and an essayist and to show how his works serve as a commentary on the wars ideologies spiritual questioning and sexual attitudes of the time in which he lived Auden's ambition was to be a great poet Beyond his intense need to experience and to be consumed by experience there was also an inexhaustible curiosity about ideas a passion for understanding and a desire for wisdom In an age when heroic conceptions are no longer useful Auden's outer and inner travels and his dedication to writing establish his life as a model of what it means to be a poet today and underscore the tremendous cost in the words of Auden's friend Hannah Arendt of following the heart's invisible furies In Auden Davenport Hines has given us a portrait that is fresh convincing and exemplary *Personal Capitalism and Corporate Governance* Myrddin John Lewis, Roger Lloyd-Jones, Mark David Matthews, 2016-05-13 This book is specifically aimed at addressing a gap in the study of the evolution of corporate governance in Britain In particular its key theme the relationship between corporate governance and personal capitalism in British manufacturing in the first half of the twentieth century provides the means for a systematic and critical examination of the dominant Chandlerian paradigm that the long running persistence of personal capitalism shaped the governance of British manufacturing firms well into the twentieth century and acted to erode their competitive performance The book helps to identify those aspects of corporate governance that have undergone change with some critical observations on the magnitude of change and those aspects which have displayed characteristics of continuity The empirical spine of this book is set out in a series of case studies which provide the basis for the examination of corporate governance in Britain during the period c 1900 to 1950 By focusing particularly on the responses of a range of businesses to the turbulent environment of the inter war years this volume offers an insight into a much neglected yet vital area of business and economic history *The Pursuit of Oblivion* Richard Davenport-Hines, 2012-11-29 The most important study on this subject in years perhaps ever Phillip Knightley SUNDAY TIMES A history of drug taking telling the story across five centuries of addicts and users monarchs prime ministers great writers and composers wounded soldiers overworked physicians oppressed housewives

exhausted labourers high powered businessmen playboys sex workers pop stars seedy losers stressed adolescents defiant schoolchildren the victims of the ghetto and happy young people on a spree It is also the history of one bad idea prohibition You ll find almost everything you ever wanted to know about drugs in this work except how to get hold of them Simon Garfield FINANCIAL TIMES Everyone with any influence on government policy should read this book and wake up before it is too late Phillip Knightley SUNDAY TIMES *Labour and Business in Modern Britain* Charles Harvey, John Turner, 1989 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company *The History of Anglo-Japanese Relations 1600-2000* J. Hunter, S. Sugiyama, 2001-12-13 This volume is concerned with the development of business and economic relations between Britain and Japan from the early seventeenth century up to the late twentieth century Particular attention is given to commodity trade capital flows the transfer of knowledge and the overall balance of economic power between the two nations Mutual perceptions of economic strengths and weaknesses are also considered and the economic relationship located in the broader context of political and strategic interaction **Merchants to Multinationals** Geoffrey Jones, 2002-03-07 Merchants to Multinationals examines the evolution of multinational trading companies from the eighteenth century to the present day During the Industrial Revolution British merchants established overseas branches which became major trade intermediaries and subsequently engaged in foreign direct investment Complex multinational business groups emerged controlling large investments in natural resources processing and services in Asia Latin America and Africa While theories of the firm predict the demise over time of merchant firms this book identifies the continued resilience of British trading companies despite the changing political and business environments of the twentieth century Like Japanese trading companies they re invented themselves in successive generations The competences of the trading companies resided in their information gathering relationship building human resource and corporate governance systems This book provides a new dimension to the literature on international business through the focus on multinational service firms and its evolutionary approach based on confidential business records **Services in Canada** W.R. Frisbee, M.S. Sommers, 2013-10-31 First Published in 1990 The purpose of this special volume is to provide a sampler of the service industries in Canada The editors philosophy in inviting reviewing and selecting contributions has been to provide materials which range from the general aggregate view through specific sector and industry developments to the micro operations management level The collection is presented in this order from macro overview to micro operations management *A History of Credit and Power in the Western World* Scott B. MacDonald, 2017-07-12 The end of the Cold War put the planet on a new track abruptly replacing the familiar world of bipolarity red phones and intercontinental ballistic missiles with the strange new world of the Internet e commerce and Palm Pilots The New World Order was defined by a U S led war against Iraq bloody ethnic strife in Bosnia and Rwanda and religious turmoil in Central Asia This evolving global system however overlooked the powerful role of credit which functions as a critical building block for developing greater national and

individual wealth This volume examines the evolution of credit in the Western world and its relationship to power Spanning several centuries of human endeavor it focuses on Western Europe and the United States and also considers how the Western system became the global credit system Six major themes run throughout 1 the direct relationship between credit and power 2 different kinds of political power promote different kinds of economic behavior 3 various societal and cultural groups were often more successful in mingling credit and political power 4 the Western credit system evolved in tandem with the development of the nation state 5 historically there has been a pattern of financial crises 6 credit spread from being the privilege of the wealthy and powerful to being available to vast numbers MacDonald and Gastmann have broken history into five periods ranging from early pre modern defining the earliest references to banking and credit as exemplified by the Code of Hammurabi circa 1726 BC through the Roman Empire with its creation of money and growing use of credit in trade the barbarian invasions of the 11th century which led to a breakdown in credit networks in the West through the establishment of the Italian city states to the modern period which incorporates the rise of credit in the Low Countries in the 1500s and extends through the rise of London and New York as the major international credit hubs
