Radical Islam Defense:

The Essence of Islamist Extremism Irm Haleem, 2011-11-23 This book provides a conceptual analysis of Islamist extremism and examines radical Islamist rhetoric and various extremist groups Engaging in a conceptual analysis of Islamist extremism that focuses on the what is and not the why of Islamist extremism the book extends the traditional parameters of analysis from context specific and temporally confined causal analyses to a broader conceptual analysis relevant to the many different temporal and geo political contexts of Islamist extremist groups *Islamist Insurgents on the Defensive* Dave Dilegge, 2018-02-28 This work is the fourth Small Wars Journal anthology focusing on radical Sunni Islamic terrorists and insurgent groups It covers this professional journals writings for 2016 and is a compliment to the earlier Global Radical Islamist Insurgency anthologies that were produced as Vol I 20072011 published in 2015 and Vol II 20122014 published in 2016 and Jihadi Terrorism Insurgency and the Islamic State spanning 2015 published in 2017 This anthology which offers well over six hundred pages of focused analysis follows the same general conceptual breakdown as the earlier works and is divided into two major thematic sections one focusing on al Qaeda and Islamic state activities in 2016 and the other focusing on US Allied policies and counterinsurgent strategies **Global Radical Islamist Insurgency: AL QAEDA AND ISLAMIC STATE NETWORKS FOCUS** Dave Dilegge and Robert J. Bunker, 2016-02-11 This anthology the second of an initial two volume set specifically covers Small Wars Journal writings on Al Qaeda and the Islamic State spanning the years 2012 2014 This set is meant to contribute to U S security debates focusing on radical Islamist global insurgency by collecting diverse SWJ essays into more easily accessible formats Small Wars Journal has long been a leader in insurgency and counterinsurgency research and scholarship with an emphasis on practical applications and policy outcomes in furtherance of U S global and allied nation strategic interests The site is able to lay claim to supporting the writings of many COIN counterinsurgency practitioners This includes Dr David Kilcullen whose early work dating from late 2004 Countering Global Insurgency helped to lay much of the conceptual basis focusing on this threat and as a result greatly helped to facilitate the writings that were later incorporated into these Al Qaeda and Islamic State focused anthologies This volume is composed of sixty six chapters divided into sections on a radical Islamist OPFORs opposition forces and context and b U S allied policy and counter radical Islamist strategies The work also contains a preface by Matt Begert a foreword by Dr Daveed Gartenstein Ross and Bridget Moreng an introduction a postscript an extensive notes section and editor and contributor biographies on sixty four individuals as well as an acronyms listing and an initial About SWJ and foundation section *Defending Traditional Islam in Indonesia* Syamsul Rijal, 2023-12-01 Defending Traditional Islam in Indonesia examines the rise of young preachers of Arab descent habaib and their sermon groups in the region and shows how Islam and politics coexist flourish interlace and strive in Indonesia in complex pragmatic and mutually beneficial relationships The book argues that the emergence of Arab preachers in the late 1990s when traditional forms of Islamic authority came under growing challenge

from a diverse array of Muslim groups and ideologies is closely tied to contestation between traditionalists and their puritanical rivals the Salafi Wahhabi. Not only have the habaib featured prominently in defending traditionalism they have also used this contestation as an opportunity to build their authority and religious capital through marketisation and their ties to the Middle East. The author explores the ways in which habaib promote themselves to the mostly young urban Muslim community and also analyses the use of new media and marketing strategies by habaib to attract young followers. The use of merchandise utilising popular culture and group identity markers is especially salient in the preachers outreach to urban audiences. In addition public staging and entertainment during preaching activities are means by which the habaib cast their Islamic preaching dakwah as the Prophet's mission and encourage their followers participation. A novel socio cultural and religious study and a contribution to the growing discussion on new media market and religion this book will be of interest to anthropologists social scientists and area studies scholars interested in Indonesia Southeast Asia and Islamic studies.

Radical Islam in East Africa Angel Rabasa, 2009 Building sustained national resilience that is intolerant of terrorists and extremists and effective against them he says can only be accomplished by linking hard security initiatives with a broader array of policies designed to promote political social and economic stability. **BOOK JACKET** **Defending Trump** Stephen Barry, Marc Z. Lieberman, 2020-09-17 President Donald J Trump has been the subject of withering attacks on his character and fitness for office since announcing his candidacy for president in 2015. The radical left Democrats and their media allies and Never Trump Republicans say he poses a threat to the presidency our governing institutions and our national character. He's repeatedly accused of being a liar racist misogynist and dictator. Stephen Barry and Marc Z Lieberman longtime friends with opposite views of Trump debate his presidency in real time in this book. Through text messages they highlight the stark divide in how the public views Trump. From Trump's efforts to ban immigration from dysfunctional Muslim majority countries to his plans to build a wall on the Mexican border to his initial response to the coronavirus pandemic the authors consider the consequences of his actions as well as his motives. For those who oppose Trump the underlying theme is that he should not be permitted to exercise the powers of his office. But are they right? See the arguments for Trump as well as why it's imperative that he be allowed to serve. **Defending the Holy Land** Zeev Maoz, 2006-05-12 A landmark analysis of the entire history of Israel's defense and foreign policies and a fundamental reassessment of its security doctrine. It explores the foundations and historic origins of Catholic doctrine from an evangelical fundamentalist and reformed Protestant point of view. It offers the teachings of the Church in common language then defends the position with scriptural quotations from throughout the Holy Bible. It then quotes the Catechism formal teaching doctrine of the Catholic Church offering a factual presentation of what the Church actually teaches rather than what many people think it teaches. In doing so it is critical not only of Protestantism but some aspects of Catholicism in practice as well. It credits and praises both

groups of Christians as being believers dedicated to Jesus and the Trinity while pointing out the mutual failures of both groups It is a thought provoking examination of Catholic doctrine practice theology and ethics from a biblical viewpoint and is not afraid to point fingers at all parties involved in greater Christianity *Defending America* Elizabeth Lutes Hillman,2021-02-09 From going AWOL to collaborating with communists assaulting fellow servicemen to marrying without permission military crime during the Cold War offers a telling glimpse into a military undergoing a demographic and legal transformation The post World War II American military newly permanent populated by draftees as well as volunteers and asked to fight communism around the world was also the subject of a major criminal justice reform By examining the Cold War court martial *Defending America* opens a new window on conflicts that divided America at the time such as the competing demands of work and family and the tension between individual rights and social conformity Using military justice records Elizabeth Lutes Hillman demonstrates the criminal consequences of the military's violent mission ideological goals fear of homosexuality and attitude toward racial gender and class difference The records also show that only the most inept unfortunate and impolitic of misbehaving service members were likely to be prosecuted Young poor low ranking and nonwhite servicemen bore a disproportionate burden in the military's enforcement of crime and gay men and lesbians paid the price for the armed forces official hostility toward homosexuality While the U S military fought to defend the Constitution the Cold War court martial punished those who wavered from accepted political convictions sexual behavior and social conventions threatening the very rights of due process and free expression the Constitution promised **Conservative Islam** Erich Kolig,2012-04-05 *Conservative Islam A Cultural Anthropology* by Erich Kolig analyzes the salient characteristics of Islam and contemporary Muslim society from the perspective of traditional cultural anthropology Gender issues the headscarf and veiling alcohol and pork prohibition the taboo on satirizing religious contents violence and jihad attitudes toward rationalism and modernity and other important issues that emanate from Islamic doctrine are discursively highlighted as to their origins symbolic meanings and importance in the modern world By highlighting socio cultural configurations the universals they represent the circumstances of their creation and their semiotic meaning Kolig helps the reader gain understanding of Islam in the modern world
