

wrong assumptions, wrong dates (figure 2)

Unstable atoms, such as uranium (*U*), eventually change into stable atoms, such as lead (*Pb*). The original version is called a parent atom (or isotope), and the new version is called a daughter atom.

When scientists date rocks, they don't actually observe the atoms changing. They measure the products of the change, which they assume took place in the past. But what if they are wrong about their assumptions?

ASSUMPTION 1: The original number of unstable atoms can be known. Scientists assume how many unstable (parent) atoms existed at the beginning based on how many parent and daughter atoms are left today.

ASSUMPTION 2: The rate of change was constant. Scientists assume that radioactive atoms have changed at the same rate throughout time, ignoring the impact of Creation or changes during Noah's Flood.

ASSUMPTION 3: The daughter atoms were all produced by radioactive decay. Scientists assume that no outside forces, such as flowing groundwater, contaminated the sample.

The Transition, Initiated by Copernicus and Galileo, from Religion to Science

Lawrence Wood,2017-07-06 Have you ever wondered Why two diametrically opposite explanations of ourselves Religion and Science coexist As this book explains the reason is one explanation began before the other The first explanations development began thousands of years ago when our gradually evolving brains and minds awoke to an unknown possibly threatening environment Unfortunately attempts to explain this strange environment were frustrated by illusions such as the apparent motion of the sun moon and stars around the earth which clouded our limited observational capability such as our inability detect constant motion thwarting the developing human minds ability to correctly explain observations These limitations ultimately led to a totally incorrect explanation we reside in a very small young unchanging universe revolving about us created by a supernatural being God a belief system termed Religion About 500 years ago the formulation of the second explanation was initiated when astute investigators such as Copernicus and Galileo using improved new observation instruments such as the telescope and microscope began to realize the existing illusion based religious explanations could not possibly be correct Author Lawrence Wood introduces the brilliant investigators who resolved the illusions by developing radically new explanations of the illusions an explanation system termed Science many still cannot accept hence the coexistence of religion and science If you are one of those trying to bridge the gulf between your religious beliefs which have become increasingly difficult to accept and the strange new world of science this book will help you immeasurably

And There Was Light Thomas C. Weedon,2018-05-03 What if a dear friend or relative told you that they cannot believe the Bible because it is teaching ideas contrary to common sense and proven science Sharing the gospel with another person can be hard enough but when the subject of creation comes up in the discussion communication often suffers and the gospel message can be lost In And There Was Light author Thomas C Weedon shows that there is no conflict between what the Bible affirms and proven science concerning the age of the universe A careful examination of Genesis finds

that scripture does not provide all the details of creation that some assume when they declare that everything was created six thousand years ago The universe and all that is in it is the work of God and the Bible is the Word of God It is not logical for the works of God to be a contradiction to the Word of God Someday our children who have been raised in the church will leave home and move on in society and when they see the evidence and learn the truth concerning the true age of the universe will they question the Holy Scriptures and possibly leave the faith This does not need to happen and the first step is truly discovering what the scriptures actually say about creation and understanding these works and words in context

The Conflict of the Ages Teacher Edition I-III Michael J. Findley, Mary C. Findley , science history homeschool evolution young earth creation ancient manuscripts *Begin* Ken Ham, Bodie Hodge, 2011-07-01 *Begin* is a journey through the Scriptures designed to help someone simply understand the structure and context of the Bible Ken Ham and Bodie Hodge compiled this critical resource which brings to light often difficult concepts through easy to understand commentary Readers will enjoy a quick and concise presentation of the following core concepts with a brief summary of events and history in between Genesis 1 11 The Foundation Exodus 20 1 17 The 10 Commandments John The Gospel Romans An Epistle from Paul to the Christians and Revelation 21 22 The Fulfillment in Heaven New believers seekers and even skeptics can use *Begin* as a first step to building a consistent study of God's Word It is not intended to replace the Bible but to serve as a supplemental resource Pastors and teachers will find this book helpful when leading congregants and students into a greater understanding and focus on the infallible message of God Inside the Nye Ham Debate Ken Ham, Bodie Hodge, 2014-10-25 With Millions watching this live debate on February 4 2014 Bill Nye the Science Guy squared off with Answers in Genesis founder and president Ken Ham This event echoed the worldviews at work in our lives today and put two of the most unique and recognizable advocates of their positions on the same stage to face not only each other but the many who watched More answers more perspectives more truth to answer the world's most critical question How did we and all we know come to be here at this place and this time in the history of the universe Are we accidental products of evolution or the centerpiece of God's marvelous creation Debate Stats Over 3.8 Million computers watched the debate live 7.6 Million people watched Based on an extremely conservative estimate of 2 viewers per stream or 11.4 Million based on 3 people per stream 3.5 million views on YouTube Note The YouTube Page only shows views AFTER the event not Live views **A Christian Student'S Guide to Truth in Science** Stanley J. O'Briant, 2015-03-13 This book exposes the attempt to teach atheistic evolution to students often ridiculing their faith in God The classrooms in our schools have become the battlegrounds for the minds of our children Since the introduction of evolution by Charles Darwin there has been a growing list of atheist professors who vigorously fight any religion The classrooms of America should not be the battlegrounds of any religion but evolution is a religion It has no place in the classroom since it does not offer any information that improves the teaching of any science class except evolution itself There is no proof of evolution only assertions innuendos credulity belief without proof and suppositions Fully one third of all

geology textbooks deal with evolution which is founded only opinion and undocumented assertions Therefore it should be removed from all textbooks Dr David Menton who taught medicine at the Washington School of Medicine in St Louis Missouri for twenty five years stated that he never once needed to reference evolution in any medical class A coalition of organizations such as the National Academy of Sciences whose members are 93% atheist or agnostic and the National Center for Science and Education control most of the government grants intended for schools use fully support the atheism of evolution and they attack any criticism of evolution
