The New Immigration Federalism Pratheepan Gulasekaram, S. Karthick Ramakrishnan, 2015-09-15 Since 2004 the United States has seen a flurry of state and local laws dealing with unauthorized immigrants Though initially restrictionist these laws have recently undergone a dramatic shift toward promoting integration How are we to make sense of this new immigration federalism What are its causes And what are its consequences for the federal state balance of power In The New Immigration Federalism Professors Pratheepan Gulasekaram and S. Karthick Ramakrishnan provide answers to these questions using a mix of quantitative historical and doctrinal legal analysis In so doing they refute the popular demographic necessity

argument put forward by anti immigrant activists and politicians Instead they posit that immigration federalism is rooted in a political process that connects both federal and subfederal actors the Polarized Change Model Their model captures not only the spread of restrictionist legislation but also its abrupt turnaround in 2012 projecting valuable insights for the future

Brothers Emanuel Ezekiel J. Emanuel, 2013-07-18 This delightful memoir is a deeply personal tale of one family but it is also about much larger things America and tribal identity love and rivalry and the moral lessons to be learned as you grow up Walter Isaacson For years people have been asking Ezekiel Zeke Emanuel the brash outspoken and fiercely loyal eldest brother in the Emanuel clan the same question What did your mom put in the cereal Middle brother Rahm is the mayor of Chicago erstwhile White House chief of staff and one of the most colorful figures in American politics Youngest brother Ari is a Hollywood superagent the real life model for the character of Ari Gold on the hit series *Entourage* And Zeke himself whom the other brothers consider to be the smartest of them all is one of the world's leading bioethicists and oncologists and a former special advisor for health policy in the Obama administration How did one family of modest means produce three such high achieving kids Here for the first time Zeke provides the answer Set amid the tumult of Chicago in the 1960s and 1970s *Brothers Emanuel* recounts the intertwined histories of these three rambunctious hypercompetitive Jewish American boys each with his own unique and compelling life story But ultimately this is the story of the entire Emanuel family the tough colorful Old World grandparents a mischievous loving father who immigrated to the United States with twenty five dollars and who enthralled his boys with tales of his adventures in Israel's war for independence and a proud politically engaged mother who took the boys with her to rallies and protests including a civil rights march through the streets of Chicago led by Martin Luther King Jr himself Even as the Emanuels distinguished themselves as individuals the bond of brotherhood that tied them together was never broken *Brothers Emanuel* is a wry rollicking and often poignant narrative of how one American family succeeded in raising three extraordinary children

The New New Deal Michael Grunwald, 2012-08-14 A riveting story about change in the Obama era and an essential handbook for voters who want the truth about the president his record and his enemies by TIME senior correspondent Grunwald

Fallout John Solomon, Seamus Bruner, 2020-07-14 This book is a MUST BUY President Donald J Trump The Russia and Ukraine scandals are unraveled corruption and greed exposed No one is better at uncovering the truth than these two investigative journalists Gregg Jarrett FOX News legal analyst and author of the 1 NYT bestsellers *The Russia Hoax* and *Witch Hunt* An exhaustively researched book that reads like an investigative thriller *Fallout* reveals how Obama's Russian Reset led to corruption scandal and a desperate bid to impeach Donald Trump In 2015 a major story broke exposing Hillary Clinton's role in approving the sale of American uranium assets to the Russian state nuclear agency Rosatom Not only did the sale of Uranium One put 20 percent of America's domestic uranium supply under the control of Vladimir Putin there was also evidence that the Clintons themselves had hugely profited from the deal When presidential candidate Donald Trump made Uranium One the centerpiece of his Crooked Hillary attacks

the Clinton team feared its potential to damage Hillary's campaign. Others in the Obama-Biden camp worried that if elected, Trump would expose their role in selling out America's security to Putin. Their desperate need to neutralize the issue led them to launch an unprecedented investigation into the Trump campaign's purported ties to Russia. The infamous Steele dossier produced by Clinton-connected Fusion GPS sparked an investigation under FBI Director James Comey. Instead of ending after the election, the investigation grew bigger, eventually leading to Comey's firing and the appointment of Special Counsel Robert Mueller. When Mueller failed to find grounds for impeachment, Democrats seized on an ambiguous phone call with the Ukrainian president as a pretext to remove Trump from office. This gambit blew up in their faces when it exposed the secrets that Democrats tried hard to keep buried. An indispensable guide to the hidden background of recent events, *Fallout* shows how Putin's bid for nuclear dominance produced a series of political scandals that ultimately posed one of the greatest threats to our democracy in modern American history.
